

**-NOTICE-**

This notice is provided in compliance with the provisions of Chapter 85 of the Acts of 2000 of Massachusetts law and the Massachusetts Rights-Of-Way Management Regulations 333 CMR 11.00.

The railroad companies listed below will be controlling vegetation on their rights-of-way both by mechanical means and the selective use of approved herbicide products, in conformance with approved Vegetation Management Plans and approved Yearly Operational Plans. Copies of these plans are available at [FDCErailroadvegetation.com](http://FDCErailroadvegetation.com)

This annual program is necessary for public safety, to provide required sight distance, to provide well-drained and stable roadbeds, to reduce fire danger, and to allow for required inspection of track and roadbed structure. Approved herbicide applications will be accomplished by either backpack or on-track vehicles, and will be with Roundup-Pro or Razor-Pro or Aquaneat, alone or in combination with Polaris, Arsenal, Escort XP, Oust Extra or Oust XP. Products to be used are approved for use by the Massachusetts Departments of Agricultural Resources and Environmental Protection Agency. (MGL c. 132B sec. 6B)

**Schedule for Herbicide Applications:**

Fore River Transportation	18 June - 17 July 2016
Keolis Commuter Services, LLC.	18 June - 17 July 2016 & 6-28 August 2016

Questions or comments regarding railroad vegetation control should be addressed to [kyle@fdcengineers.com](mailto:kyle@fdcengineers.com)

**RAILROAD RIGHTS-OF-WAY ARE PRIVATE PROPERTY AND TRESPASSING IS PROHIBITED BY LAW**  
(MGL c. 160, sections 218 and 220)
