This should wait until plans are filed with Concom unless Janet would like to make comments.  
Jim should be informed this is a 40B filing which bypasses local refs.

As you know, yesterday I re-sent the plans for Lakeland Hills/Commons to the various boards for comment. I received the following question from Jim Wilson. Is this something the Commission would like to discuss at the next meeting, or else please advise how or if this concern should be relayed to the ZBA.

Thanks,

Hi Amy,

I am very concerned about the proximity of water to several roads on this plan. Do we have a right to enforce a no work area in the 0-100' area?

Jim

Hello all,  
I am re-forwarding this email sent on 4/30. Please distribute within your board or department as appropriate. As noted, your review and comment (or "no comment at this time") would be appreciated; we have heard from only one department so far (NFD).

Thank you.

Best regards

Attached please find plans for your review and comment (if you are an Administrative or Executive Assistant to a board or department head, please forward as appropriate.)

You may be aware that these applications have been pending and are currently on hold, until the Zoning Board of Appeals no longer has 3 Comprehensive Permits before it. Your review and comment at this time, however, would be appreciated. We will let you know as soon as a hearing date is scheduled. Thank you.
