Re: Hearing 3/22 @ 7:15 pm re 25 Rockwood Rd.

On June 1, 2016 the Conservation Commission issued a "Negative Determination 1. The area described in the Request is not an area subject to protection under the Act or the Buffer Zone." for the property located at 25 Rockwood Rd.

Reviewing the application/plans submitted to the ZBA, it is unclear if drainage from the proposed project enters the Northside Interceptor, and if so, were runoff calculations established for the Northside Interceptor and would any additional increase affect the efficiency of that?
