WARRANT FOR ANNUAL TOWN MEETING

Monday, March 2, 1942

Commonwealth of Massachusetts

Norfolk, ss.

To either Constable in the Town of Norfolk, in said County,

Greeting:

You are hereby required in the name of the Commonwealth of Massachusetts to notify and warn inhabitants of Norfolk, qualified to vote in town affairs, to assemble in the Grange Hall on Monday, March 2, 1942, at 9:00 o'clock in the forenoon, then and there to act on the following articles, viz:

Article 1. To choose by ballot the following Town Officers viz: one Moderator, for one year; three Selectmen, who shall act as Board of Public Welfare and Board of Health, for one year; one Town Clerk, one Town Treasurer, one Collector of Taxes, one Tree Warden, three Auditors, two Constables, each for one year; one Assessor of Taxes, one Trustee of Public Library, one School Committee, each for three years; one Trustee Joshiah Ware fund for three years and one Assessor of Taxes for one year to fill vacancy.

Article 2. To hear and act on the report of the Town Officers.

Article 3. To grant and appropriate money for all necessary Town Expenses, as follows, viz:

1. Schools.
2. Town Officers.
3. Public Library.
4. Memorial Day.
5. Electric Lights for the Town.
6. Bonds for Town Officers.
7. Interest.
8. Removal of Snow.
9. Public Welfare.
10. Roads.
11. Fire Department.
12. Law Enforcement.

13. Maintenance of Norfolk County Hospital.
14. General Expense.
15. Extermination of Gypsy Moth.
16. Soldiers' Relief
17. Old Age Assistance.
18. Tree Trimming.
19. District Nurse.
20. W. P. A. Expenses.
21. Aid to Dependent Children.
22. To pay the salary of a clerk for the Selectmen.

Article 4. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1942, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 5. To see if the Town will appropriate a sum of money for diphtheria immunization.

Article 6. To see if the Town will vote to raise and appropriate a sum of money for Chapter 90 Road Work to be used with an allotment from the State and County or from either.

Article 7. To see if the Town will appropriate a sum of money for Band Concerts.

Article 8. To see if the Town will appropriate a sum of money to clear up tax titles.

Article 9. To see if the Town will vote and appropriate a sum of money to pay land damages on Main Street, or to take any other action in relation thereto.

Article 10. To see if the Town will vote to transfer a sum of money from the Machinery Fund to the Machinery Maintenance Account.

Article 11. To see if the Town will appropriate a sum of money to purchase a Truck for the Highway Department.

Article 12. To see if the Town will vote to raise and appropriate a sum of money for the purchase of an automobile of the convertible ambulance type to be used as a cruiser for the Police Department or take any other action in relation thereto.

Article 13. To see if the Town will vote to appoint a committee to make a study relative to the practicability of a consolidate grade school by addition to the present Center School or by new construction; this Committee to be composed of all elective Town Officers and the Superintendent of Schools, the Principals of the Center School and the City Mills School, the Advisory Committee, the Fire Engineers, the President of the Norfolk Neighborly Club, and three members experienced in the building trades to be appointed by the Moderator. The Chairman pro tem of such Committee shall be the Town Moderator until the permanent officers of Chairman, Vice Chairman, and Secretary are chosen at the first official meeting by majority vote of those members attending. No meeting shall be official: without being called by the Chairman or by at least five (5) members of the Committee; without due notice as to time and place being posted at least two days before such meeting on the bulletin boards of the two Post Offices in the Town; and without a quorum of seven (7) members of the Committee present. This Committee may meet in a Town owned building as designated by the Selectmen, and registered voters of the Town may attend as observers any or all official meetings of the Committee and may address the chair. Said Committee shall be instructed to lay special stress on economy of building, selection of site, types or construction such that labor of citizens of the Town may be used in great part thereof, feasibility of incorporating facilities for town meetings or other assemblages in the original building or by addition if later deemed necessary, and on possible utilization of funds or aid by any Federal or State program if such are available.

The majority report of this Committee and any minority reports, each representing the opinion of at least three (3) members of this Committee, shall be made a part of and printed in the Seventy-fourth Annual Town Report for the year ending December 31, 1943.

Article 14. To see if the Town will vote to instruct the Board of Selectmen to petition the Massachusetts General Court for the passage of legislation authorizing the Commissioner of Correction and/or the Commissioner of Public Health to enter into a contract with the Town of Norfolk to permit the Town to connect to the State Prison Colony water system and/or the Pondville Hospital water system and buy water therefrom, or take any other action in relation thereto.

Article 15. To see if the Town will appropriate a sum of money to paint the Fire House, Roller and Tool Shed.

Article 16. To see if the Town will appropriate a sum of money

for Home Defense or to take any other action in relation thereto.

Article 17. To see if the Town will vote to appoint a Planning Board.

Article 18. To see if the Town will vote to accept the provisions of Section 69, Chapter 152 of the General Laws, Ter. Ed., as amended by Chapter 435 of the Acts of the Year 1939, providing for the payment of Workmen's Compensation to injured employees of the Town.

Article 19. To see if the Town will choose any Committee or to hear or act on the report of any Committee or Town Officer or to instruct any Committee or Town Officer.

The polls shall be opened at 9:00 A. M. and shall be closed at 8:00 P. M.

Hereof, fail not, but make due return of this warrant, with your doings thereon to the Town Clerk, on or before the hour of said meeting.

Given under our hands and the seal of the Town this Third day of February, A. D. 1942.

WALTER T. HOLMES,
MATTHEW J. PHELAN,
JOHN P. CONROY,

Selectmen of Norfolk.

Norfolk, Mass., Feb. 23, 1942.

By virtue of the within warrant I have notified and warned the Inhabitants of the Town of Norfolk to meet in Grange Hall on Monday, March 3, 1941 for the purpose within mentioned by posting attested copies in the several places as provided in the By-Laws of the Town.

NELS T. CARLSON,
Constable of Norfolk.

A true copy of the Warrant and Constable's Return thereon.

Attest:

GEORGE F. CAMPBELL,
Town Clerk

RECORD OF ANNUAL MEETING

March 2, 1942

Pursuant to the foregoing warrant, the Inhabitants met in the Grange Hall on the first Monday in March, A. D. 1942, it being the second day of said month.

The meeting was called to order at 8:55 o'clock A. M. by the Moderator, Arthur D. Hill, and the Warrant and Constable's return thereon were read by him.

The ballot box was examined and found to be empty. It registered 000.

The following named persons having been appointed election officers, were sworn as such by the Town Clerk, namely, Harold E. Campbell, Jr., Austin E. Greene, Howard F. Mann, and Alvin J. Freeman.

Robert Neil was police officer.

All preliminaries required by law were complied with and the polls were declared open at 9 o'clock A. M.

The polls were declared closed at 8:00 o'clock P. M.

The ballot box registered 533 and the names checked on the voting lists and the ballots taken from the box were, upon being counted, found to agree.

The votes having been counted in open Town Meeting, the following named persons were found to have been elected to the various officers, viz:—

Moderator, for one year, Arthur D. Hill.

Selectmen, Board of Health, and Board of Public Welfare, for

one year, Edward E. Hale, Walter T. Holmes, Matthew J. Phelan.

Town Clerk, for one year, George F. Campbell.

Town Treasurer, for one year, George F. Campbell.

Assessor of Taxes, for three years, Wentworth Stuart.

Assessor of Taxes, for one year, Nels T. Carlson.

Trustee of Public Library, for three years, Edna T. Hubbard.

Trustee of Josiah Ware Fund, for three years, M. Gertrude Murphy.

Auditors, for one year, George A. Carr, James H. Drayton, Robert C. Hall.

Tax Collector, for one year, Charles A. DeMerritt.

Constables, for one year, Nels T. Carlson, Robert E. Neil.

Tree Warden, for one year, Edmund T. Buckley.
Meeting adjourned at 8:02 o'clock P. M.

Voted to adjourn until Monday, March 16, at 7:45 o'clock P. M.
A true record.

Attest:

GEORGE F. CAMPBELL,
Town Clerk.

ANNUAL REPORT OF POLICE DEPARTMENT

February 1, 1943

Board of Selectmen:
Town of Norfolk,
Norfolk, Mass.

Gentlemen:

I hereby submit the report of this Department, for the year ending December 31, 1942:

Number of calls received	823
Complaints received and investigated:	
Assault	7
Accidents:	
Automobile	17
Miscellaneous	3
Auto transfers issued	62
Alien enemy equipment to U. S. Marshal office:	
(5 guns) (1 camera) (ammunition)	
Alien enemy check-ups, for F. B. I.	9
Breaking and entrance	9
Black-out violations	9
Cows (stray)	2
Contagious diseases cards posted	5
Committment to State Hospital	1
Cruelty to animals	2
Court attendance:	
District	18
Superior	2
Dogs (stray and doing damage)	10
Disturbances	6
Destroying property	11

Drownings	1
Defense meetings	21
Drunk	4
Emergency messages	16
Emergency police passes issued	121
First Aid Calls	3
Investigations and information for other Police Dept.	25
Licenses delivered and checked	8
Larceny	5
Missing or lost persons	7
Nuisances	6
Neglect to children	1
Non-support	2
Permits issued:	
(Gun)	27
(Work)	9
Service trips for Registry of Motor Vehicles	11
Service trips for Army and Navy information	8
Suicide	1
Suspicious persons—investigated	4
Summons and Warrants served for other Depts.	20
Stolen automobiles recovered	1
Stolen bicycles recovered	1
Trespassing	3
Transportation to Hospitals	4

Each school day traffic officer was on duty, also each Sunday for church and Sunday school.

The Dept. now has 19 auxiliary police who have turned out well, at assigned stations on Air Raid and Blackout alarms. Much extra service is now required of Police Officers, due to war conditions, such as speed restrictions, dim-out and other Registry and O. P. A. rulings.

Respectfully submitted,

HAROLD E. CAMPBELL,

Acting Chief.

REPORT OF THE TOWN PLANNING BOARD

To the Board of Selectmen and Citizens of Norfolk:

This Board was established by vote of Article 17 in the Warrant for Annual Town Meeting held March 16, 1942.

The members thereupon duly appointed to this Board had been acting as a committee compiling projects for the Public Works Reserve, a division of the Federal Works Agency, co-sponsored by the National Resources Planning Board. These projects were requested by Public Works Reserve for a five year program to be analyzed, studied, and then filed so that a considered and integrated program would be available for action, provided the citizens of the Town approved of same, if a postwar program necessitated again some form of Federal aid for employment of labor. And so, in this report we are listing all these projects considered under the Public Works Reserve program with others, as they would seem to fall under the heading of Town Planning.

Before discussing these projects it should be clearly understood that no action whatsoever of the Committee is binding on the Town. The Committee has no power nor desire to comit the town to any project. Rather its function is to provide the citizens with facts and ideas so that they in turn may act, if they within themselves so desire.

PWR Project No. 1:

This project contemplates the installation of 6,968 lineal feet of 10 inch bell and spigot cast iron water main starting at a point near the Gate House of the State Prison Colony, thence along Main St. to the overhead railroad bridge just beyond the junction of North and Main Sts. It includes a main water meter of sufficient size to meet any future needs with housing for same, main line shutoffs every 2,000 feet, hydrants not more than 500 feet apart each with steamer nozzle, necessary tees and crosses at street junctions for further extension and 30 house connections. Estimated cost based on late 1941 prices plus 10% allowance for increase is \$18,236. Transite and cen-

Article 1.

To see if the town will vote to establish a water supply system and authorize the Board of Selectmen to act as Water Commissioners until Water Commissioners are chosen.

Advisory Committee recommends no action.

Article 2.

To see if the town will vote to raise and appropriate or transfer a sum of money for the purpose of establishing a water system, or take any action relative thereto.

Advisory Committee recommends no action.

Article 3.

To see if the town will vote to transfer a sum of money from available funds for the maintenance of the water department or take any action relative thereto.

Advisory Committee recommends no action.

Article 4.

To see if the town will vote to elect a Board of Water Commissioners at the annual town meeting in 1946, said board to consist of three members to be elected in the first instance one for one, one for two, and one for three years, and thereafter to elect annually one water commissioner for three years.

Advisory Committee recommends no action.

Article 1

To see if the town will vote to establish a water supply system and authorize the Board of Selectmen to act as Water Commissioners until Water Commissioners are chosen.

Advisory Committee recommends no action.

Article 2

To see if the town will vote to raise and appropriate or transfer a sum of money for the purpose of establishing a water system or take any action relative thereto.

Advisory Committee recommends no action.

Article 3

To see if the town will vote to transfer a sum of money from available funds for the maintenance of the water department or take any action relative thereto.

Advisory Committee recommends no action.

Article 4

To see if the town will vote to elect a Board of Water Commissioners at the annual town meeting in 1965 said board to consist of three members to be elected in the first instance one for one year, one for two years and one for three years and thereafter to elect annually one water commissioner for three years.

Advisory Committee recommends no action.

| (2) Desirable <input type="checkbox"/> | <input type="checkbox"/> |
| (3) Deferrable <input type="checkbox"/> | <input type="checkbox"/> |

F. Estimated increase or decrease in annual Operating Budget due to Project:

	Inc. or Dec.
Maintenance \$ <u>175</u>	<input checked="" type="checkbox"/>
Operation \$ _____	<input type="checkbox"/>
Staff \$ <u>25</u>	<input checked="" type="checkbox"/>
Debt service \$ <u>160</u>	<input checked="" type="checkbox"/>
Total \$ _____	<input type="checkbox"/>

5. Estimated costs:	Total	\$ <u>18236</u>
Construction:		\$ <u>18236</u>
Land cost		\$ <u>None</u>
Equipment installed (furniture, machinery, etc.)		\$ <u>None</u>
Others		\$ <u>None</u>

6. Estimated duration: Two (Months)

7. If complete plans are not available, give estimate to produce complete plans.

Cost: \$ 150 Time 7 Days

INDIVIDUAL PROJECT PROSPECTUS

Project # 1

Date JANUARY 30, 1942 Prospectus number Massachusetts

8. Is proposed work scheduled in regular program: Yes No If so, when is project planned to start: Indefinite
(Month and year)

9. Proposed method of financing project: Loan involving total of \$18236
(Bond issue, special assessment, current revenue, or other—specify if none, indicate)

10. Expected source of local funds for operation and maintenance: Water assessment
(Regular tax funds, school tax, property improvement tax, or other—specify)

11. Estimated useful life of project in years: 75 Years

12. Resulting percentage increase in facilities (based on services rendered or capacity increase): 100%

13. Status of existing utilities for project: Water supply Sewage disposal Heat Power Roads Other

14. Does project comply with standards required by other governmental agencies? Yes No Which agency? State Dep't. of Public Health.
Has it approved project? Yes No What comments were made? Approved by Health Dep't. And Selectmen.

15. Have funds for the execution of this project, or any part thereof, ever been requested from any Federal agency? Yes No
If "Yes," designate agency _____; date _____; Federal funds requested \$ _____;
Allotted \$ _____; proposed local financing \$ _____; and Federal docket or project number _____

16. Portion of work previously done None percent

17. Present ownership of property upon which project would be located is Town-Owned. owned property.
(Federal, State, county, private, part private, and part State-owned, etc.)

18. Justification of project (use separate sheet if necessary):

This Town is located between other Towns all of which have ample water systems and this created confusion in combatting fires and in other respects particularly as applied to current war needs. At present, approximately 200 families, depending on wells or springs, have inadequate water supply. A proper system will retain residents who have been moving away because of poor water conditions, the Town must retain it's tax payers in order to survive. Installation will greatly improve Health and fire fighting conditions. The general policy of State Departments in selling water to municipalities has been favorable. However, an act of Legislature permitting sale of water by the State Prison Colony to the Town of Norfolk must first be approved.

- (1) Preliminary estimate
- (2) Survey begun
- (3) Survey completed
- (4) Sketches in prep
- (5) Sketches completed
- (6) Detail plans in prep

SECTION 1.

In pursuance of the authority conferred by Sections 25 to 30 A, inclusive of Chapter 40 of the General Laws (Ter. Ed.), and for the purpose of promoting the health, safety, convenience, morals or welfare of the inhabitants of Norfolk by lessening congestion in the streets; securing safety from fires, panic or other dangers; providing adequate light and air; preventing the overcrowding of land, and with a view to encourage the most appropriate use of land; avoiding undue congestion of population; facilitating the adequate provision of transportation, water, sewerage, schools, parks and other public requirements; and by other means, in accordance with a comprehensive plan; now, therefore The By-Laws of the Town of Norfolk are hereby amended by adding the following:

Definitions

A. "Lot"-a lot is a parcel of land occupied or intended to be occupied by one building or use, with its accessories, and including the open spaces accessory to it, which is defined in a deed or plan recorded with Norfolk Deeds or Registered with the Norfolk Registry District. No land which is within the boundaries of a street, accepted proposed or dedicated, shall be included in determining lot areas.

B. "Erected"-shall include altered, rebuilt, remodelled or moved.

C. "Frontage"-is that distance between the side lines of a lot, measured along the set-back established in Section on corner lots the owner may elect on which street the same shall front.

SECTION 2.

For the purpose of general designation only, the Districts may be named as follows:

1. Residential: All land in Norfolk not set off and included in a Business or Industrial District.

2. Business: Business Districts at or near the following: Route 1A; Main Street; at or near the Norfolk Depot on Rockwood Road to the corner of Boardman Street and Rockwood Road.

3. Industrial: Main Street; Route 1A;

a. A parcel of land bounded Southerly by Miller Street 500 feet Easterly by Myrtle Street 300 feet Northerly by a line parallel with the Southerly boundary and 300 feet therefrom Westerly by a line parallel with the Easterly line and 500 feet therefrom.

b. A parcel of land on the Easterly side of Myrtle Street containing .307 acres as shown on plan of land belonging to Mrs. J.B. Anthony recorded with Norfolk Deeds 1106 page 392 and described in notes and bounds by deed recorded with Norfolk Deeds Book 1681 page 253.

SECTION 3.

Use regulations

In a residential district no building shall be erected which is designed or intended to be used for mercantile, mechanical, manufacturing or other commercial use on land situated in a residential district,

SECTION 1

In furtherance of the authority conferred by Sections 22 to 25 A, inclusive of Chapter 20 of the General Laws (Ter. Ed.) and for the purpose of promoting the health, safety, convenience, morals and welfare of the inhabitants of Northampton by lessening congestion in the streets; securing safety from fires, panic or other dangers; providing adequate light and air; preventing the overcrowding of land, and with a view to encourage the most appropriate use of land; avoiding undue congestion of population; facilitating the adequate provision of transportation, water, sewerage, schools, parks and other public requirements; and by other means, in accordance with a comprehensive plan now, hereafter the by-laws of the Town of Northampton are hereby amended by adding the following:

Regulations

- A. "Lot" is a parcel of land occupied or intended to be occupied by one building or use, with its accessories, and including the open space necessary to it, which is defined in a deed or plan recorded with Northampton Books or registered with the Northampton District. No land which is within the boundaries of a street, accepted proposed or dedicated, shall be included in determining lot areas.
- B. "Fronted" shall include alleys, rearlots, rearyards or moved.
- C. "Frontage" is that distance between the side lines of a lot, measured along the set-back established in Section on corner lots the shorter way along an abutment street the same shall front.

SECTION 2

For the purpose of general designation only, the Districts may be named as follows:

- 1. Residential: All land in Northampton not set off and included in a business or industrial District.
- 2. Business: Business Districts as or near the following: North Main Street; or near the Northampton Depot on Northampton Road to the corner of Main Street and Railroad Road.
- 3. Industrial: Main Street; North Main Street.
- 4. A parcel of land bounded easterly by Miller Street 300 feet easterly by North Main Street 300 feet easterly by a line parallel with the southerly boundary and 300 feet easterly westerly by a line parallel with the southerly line and 300 feet easterly.
- 5. A parcel of land on the southerly side of North Main Street containing 307 acres or more as shown on plan of land belonging to Mrs. J. B. Anthony recorded with Northampton Books 1108 page 208 and described in notes and bounds by deed recorded with Northampton Books 1061 page 188.

SECTION 3

Use regulations
In a residential district no building shall be erected which is designed or intended to be used for mercantile, mechanical, manufacturing or other commercial use on land situated in a residential district.

except as hereinafter provided.

1. Permitted uses.

The following are permitted in a residential district: private dwelling house; municipal, educational, religious uses; agricultural, greenhouse or nursery, including the sale of produce similar to that raised on the premises; poultry or stock raising; telephone exchange; ice storage or harvest; licensed inns; cemetery; private club not conducted for profit; Accessory use on the same lot with and customarily incident to any of the above permitted uses and not detrimental to a residential neighborhood. Any of the following uses shall be considered "accessory use";

1. The renting of rooms to not more than 4 persons.
2. Furnishing table board to not more than 5 persons.
3. Garage for not more than 3 automobiles.
4. Storage of 1 commercial vehicle (except farm vehicles).

Any of the following uses, provided the use is not injurious, noxious or offensive to the neighborhood and only if authorized by the Board of Appeals;

- | | |
|---|---------------|
| Aviation Field. | Fur Farm. |
| Riding Stable. | Stone Quarry. |
| Soil, loam sod, sand or gravel removal. | |

Signs.

1. Real estate sign advertising rental, lease or sale of the premises and not exceeding 12 sq. ft. in area.
2. Sign or bulletin board incidental to a permitted use and not exceeding 12 sq. ft. in area unless authorized by the Board of Appeals, and in no case to exceed 16 sq. ft. in area.
3. Sign advertising authorized accessory use and not exceeding 1 sq. ft.

EXCEPTION

The Board of Appeals may authorize the conversion of a single family dwelling, in existence at the time of the adoption of this By-Law, to accomodate two families.

SECTION 4.

Business District Uses.

In a Business District no building shall be erected and no building or premises shall be used for any purpose injurious, noxious or offensive to a neighborhood by reason of the emission of odor, fumes, dust, smoke, vibration, noise, or other cause, nor for any purpose except;

1. Any use permitted in residential district.
2. Hotel or lodging house. Restaurants.
3. Filling station, garage, or storage of automobiles.
4. Municipal Use.
5. Newspaper or job printing.
6. Office or Bank.
7. Retail or wholesale stores or any and all establishments wherin goods and services, or either of them, are sold, rented or offered directly to the consumer, customer or other patron.
8. Tailor shops, plumbing and heating establishments, place of amusement or assembly, trailer or overnight camps, barber shops, bakery,
9. Bowling alley, paint shop, beauty parlor.

SECTION 5.

Industrial District Uses.

except as hereinafter provided.
1. Permitted uses.

The following are permitted in a residential district:
private dwelling house; municipal, educational, religious uses;
artistic, greenhouse or nursery, including the sale of produce
similar to that raised on the premises; poultry or stock raising;
telephone exchange; ice storage or harvest; licensed inn; temporary
private club not conducted for profit; necessary use on the same lot
with and occasionally incident to any of the above permitted uses and
not detrimental to a residential neighborhood. Any of the following
uses shall be considered "necessary use":

1. The renting of rooms to not more than 4 persons.
2. Furnishing table board to not more than 2 persons.
3. Garage for not more than 2 automobiles.
4. Storage of 1 commercial vehicle (except farm vehicles).

Any of the following uses, provided the use is not injurious, noxious
or offensive to the neighborhood and only if authorized by the Board of
Appeals:

- Aviation field.
- Riding stable.
- Soil, loam and sand or gravel removal.
- Sign.

1. Sign erected along advertising rental, lease or sale of the premises and not exceeding 12 sq. ft. in area.
2. Sign or bulletin board incidental to a permitted use and not exceeding 12 sq. ft. in area unless authorized by the Board of Appeals, and in no case to exceed 12 sq. ft. in area.
3. Sign advertising authorized necessary use and not exceeding 12 sq. ft.

EXCEPTION

The Board of Appeals may authorize the conversion of a single family dwelling, in existence at the time of the adoption of this by-law, to accommodate two families.

SECTION 4.

Business District Uses.

In a Business District no building shall be erected and no building or premises shall be used for any purpose injurious, noxious or offensive to a neighborhood by reason of the emission of odor, fumes, dust, smoke, vibration, noise, or other cause, nor for any purpose except:

1. Any use permitted in residential districts.
2. Hotel or lodging house. Restaurant.
3. Billing station, garage, or storage of automobiles.
4. Municipal use.
5. Newspaper or job printing.
6. Office or bank.
7. Retail or wholesale stores or any and all establishments wherein goods and services, or either of them, are sold, rented or offered directly to the consumer, customer or other patron.
8. Tailor shops, plumbing and heating establishments, place of amusement or assembly, trailer or overnight camp, barber shops, bakery.
9. Hoisting alley, paint shop, heavy parlor.

SECTION 5.

Industrial District Uses.

In an Industrial District no building shall be erected and no building shall be used for any purpose injurious, noxious or offensive to a neighborhood by reason of the emission of odor, fumes, dust, smoke, noise or other cause, vibration, industrial waste except:

1. Any use permitted in Sections 3 and 4.
2. Manufacturing, employing unobjectionable motive power, utilizing hand labor or quiet machinery and processes, if authorized by the Board of Appeals.

SECTION 6.

Non-Conforming Uses.

1. Continuation of non-conforming uses. Any lawful building or use of a building or premises or part thereof existing at the time this By-Law or any amendment thereto is adopted may be continued although such building or use does not conform to the provisions thereof and such building or use may on the approval of the Board of Appeals be extended throughout such premises, provided such use has not been discontinued for a period of one year.

2. Change of non-conforming uses. The Board of Appeals may permit any non-conforming use to be changed to any specified use not more detrimental or objectionable to a neighborhood.

3. Limitation of restoration. No non-conforming building which has been damaged by fire or other causes to the extent of more than 80% of its assessed value shall be repaired or rebuilt except in conformity with this By-Law unless the Board of Appeals so authorizes.

SECTION 7.

HEIGHT REGULATIONS

RESIDENCE DISTRICTS.

(a) The limit of height of all buildings in all residence districts shall be two and one-half stories, not to exceed thirty-five feet.

(b) The limitations of height in feet shall not apply to chimneys, ventilators, skylights, tanks, bulkheads, pent-houses, and other necessary features usually carried above roofs, nor to towers or spires of churches and other buildings if such features are in no way used for living purposes.

BUSINESS AND INDUSTRIAL DISTRICTS.

The limit of height in business and industrial districts shall be two and one-half stories, not to exceed thirty-five feet.

SECTION 8.

AREA REGULATIONS

hundred
In residence districts as provided in Section 3 land laid out after the adoption of this By-Law shall provide for each dwelling a minimum frontage of one foot and a minimum lot area of ten thousand square feet. Lots shown on any plan duly recorded by deed or plan at the time this By-Law is adopted may be used.

SECTION 9.

In an Industrial District no building shall be erected and no building shall be used for any purpose injurious, noxious or offensive to a neighborhood by reason of the emission of odor, fumes, dust, smoke, noise or other cause, vibration, industrial waste except:

1. Any use permitted in sections 3 and 4.
2. Manufacturing, employing objectionable motive power, utilizing hand labor or other machinery and processes, if authorized by the Board of Appeals.

SECTION 6.

Non-Conforming Uses.

1. Continuation of non-conforming uses. Any lawful building or use of a building or premises or part thereof existing at the time this By-law or any amendment thereto is adopted may be continued although such building or use does not conform to the provisions thereof and such building or use may on the approval of the Board of Appeals be extended throughout such premises, provided such use has not been discontinued for a period of one year.
2. Change of non-conforming uses. The Board of Appeals may permit any non-conforming use to be changed to any specified use not more detrimental or objectionable to a neighborhood.
3. Limitation of restoration. No non-conforming building which has been damaged by fire or other cause to the extent of more than 50% of its assessed value shall be repaired or rebuilt except in conformity with this By-law unless the Board of Appeals so authorizes.

SECTION 7.

HEIGHT REGULATIONS

RESIDENCE DISTRICTS.

(a) The limit of height of all buildings in all residential districts shall be two and one-half stories, not to exceed thirty-five feet.

(b) The limitations of height in feet shall not apply to chimneys, ventilators, skylights, towers, bell-towers, and other necessary features usually carried above roofs, nor to towers or spires of churches and other buildings if such features are in no way used for living purposes.

BUSINESS AND INDUSTRIAL DISTRICTS.

The limit of height in business and industrial districts shall be two and one-half stories, not to exceed thirty-five feet.

SECTION 8.

AREA REGULATIONS

In residence districts as provided in Section 3 and laid out after the adoption of this By-law shall provide for each dwelling a minimum frontage of one foot and a minimum lot area of ten thousand square feet. Lots shown on any plan duly recorded by deed or plan at the time this By-law is adopted may be used.

SECTION 9.

PERCENTAGE OF LOT COVERED

The percentage of lot which may be covered by any building used for dwelling purpose shall in no instance exceed the following maximum provisions:

(a) one-family house; 25 percent. And no dwelling shall be erected within twenty-five feet of the side line of any street, nor within ten feet of a side lot line; nor within twenty-five feet of any rear lot line.

(b) In business and industrial districts no building shall be erected so that it covers more than 70 per cent of the lot.

SECTION 10.

ADMINISTRATION

Inspector of Buildings⁶

1. The Board of Selectmen, forthwith upon the adoption of this By-Law shall appoint some suitable person to be Inspector of Buildings. Such appointee shall hold office at the pleasure of the Board of Selectmen, and until his successor is appointed and accepts office.

2. The Inspector of Buildings shall enforce the provisions of this By-Law and exercise the powers and duties as provided in Section 29 of Chapter 40 of the General Laws (Ter. Ed.) as amended.

3. All applications for building permits shall be in writing and shall be accompanied by a plan drawn to a scale and showing the size and dimensions of the lot or lots to be built upon, the streets, and other premises that it abuts, the size and location of the buildings to be erected or altered. The application shall set forth the use or the uses proposed or intended and such other information as requested by the Inspector of Buildings.

1. Certification of Occupancy. No premises or building or part thereof hereafter erected or altered, wholly or partly, in use or structure, or the open spaces pertaining to which are in any way reduced, shall be used until the Inspector of Buildings shall have certified on the building permit, or, in case no permit is issued, shall have issued, a certificate of occupancy, specifying the use to which the premises of the building upon being sufficiently completed to comply with the provisions and regulations relating thereto, may be put.

2. Board of Appeals. Within 30 days after the adoption of this By-Law, the Board of Selectmen shall appoint a Board of Appeals of five members for terms of such length and so arranged that the term of one appointee will expire each year, and two associate members appointed in like manner, which shall act on all matters within its jurisdiction under this By-Law in the manner prescribed in Section 30 of Chapter 40 of the General Laws, as amended, and subject always to the rule that it shall give due consideration to promoting the public health, safety, convenience and welfare, encouraging the most appropriate use of land, and conserving property value, that it shall permit no building or use injurious, noxious, offensive or detrimental to a neighborhood, and that it shall prescribe appropriate conditions and safeguards in each case.

PERCENTAGE OF LOT COVERED

The percentage of lot which may be covered by any building used for dwelling purposes shall in no instance exceed the following maximum provisions:

(a) one-family houses; 35 percent. and no dwelling shall be erected within twenty-five feet of the side line of any street, nor within ten feet of a side lot line; nor within twenty-five feet of any rear lot line.

(b) In business and industrial districts no building shall be erected so that it covers more than 70 percent of the lot.

SECTION 10.

ADMINISTRATION

Inspector of Buildings

1. The Board of Selectmen, forthwith upon the adoption of this By-law shall appoint some suitable person to be Inspector of Buildings. Such appointee shall hold office at the pleasure of the Board of Selectmen, and until his successor is appointed and accepts office.

2. The Inspector of Buildings shall exercise the provisions of this By-law and exercise the powers and duties as provided in Section 29 of Chapter 40 of the General Laws (Ter. Ed.) as amended.

3. All applications for building permits shall be in writing and shall be accompanied by a plan drawn to a scale and showing the size and dimensions of the lot or lots to be built upon, the street and other premises that it abuts, the size and location of the building to be erected or altered. The application shall set forth the use or the uses proposed or intended and such other information as requested by the Inspector of Buildings.

4. Certification of Occupancy. No premises or building or part thereof heretofore erected or altered, wholly or partly, in use or structure, or the open space pertaining to which are in any way reduced, shall be used until the Inspector of Buildings shall have certified on the building permit, or, in case no permit is issued, shall have issued, a certificate of occupancy, specifying the use to which the premises of the building upon being sufficiently completed to comply with the provisions and regulations relating thereto, may be put.

5. Board of Appeals. Within 30 days after the adoption of this By-law, the Board of Selectmen shall appoint a Board of Appeals of five members for terms of such length and so arranged that the term of one appointee will expire each year, and two associate members be appointed in like manner, which shall act on all matters within its jurisdiction under this By-law in the manner prescribed in Section 30 of Chapter 40 of the General Laws, as amended, and subject always to the rule that it shall give due consideration to promoting the public health, safety, convenience and welfare, encouraging the most appropriate use of land, and conserving property value, that it shall permit no building or use injurious, noxious, offensive or detrimental to a neighborhood, and that it shall prescribe appropriate conditions and safeguards in each case.

3. Other regulations. This By-Law shall not interfere with or annul any by-law, rule, regulation, or permit, provided that, unless specifically excepted, where this By-Law is more stringent it shall control.

4. Validity. The invalidity of any section or provision of this By-Law shall not invalidate any other section or provision hereof.

ture pipe (asbestos) with fittings would cost about the same; universal pipe would run about 10c per foot less, while cement-lined bell and spigot cast iron pipe would cost 10c per foot more.

PWR Project No. 2:

This project contemplates extension of the water system described heretofore by the installation of 29522 lineal feet of 8 inch mains as follows:

- a) Starting at end of 10 inch main on Main St. near overhead railroad bridge, thence along Main St. to Norfolk-Franklin town line, a distance of 13,312 lineal feet, with 33 houses.
- b) Starting at 10 inch main at junction of Seekonk and Main Sts., thence along Seekonk St. to Cleveland St., a distance of 7920 lineal feet, with 20 houses.
- c) Starting at 10 inch main at junction of Rockwood Rd. and Main and Union Sts., thence along North St. to Pond and Needham Sts., a distance of 4860 lineal feet, with 27 houses; and along Rockwood Rd. to Cleveland St., a distance of 3430 lineal feet, with 23 houses.

Also included are 103 consumer connections, 60 hydrants and necessary fittings at street junctions for future extensions. Estimated cost was \$63,846.

PWR Project No. 3:

This project contemplates a new consolidated grade school at an estimate cost of \$91,000 which figure was obtained from those used when such a school was under discussion in 1938. No real study has been made on this project in view of the existence of the special School Study Committee established by vote on Article 13 in the Warrant for Annual Town Meeting held March 16, 1942.

PWR Project No. 4:

This project contemplates an Assessors Field and Office Engineering Survey with mapping. Many towns have a complete map of the town showing all private property in addition to town boundaries and roads. Such a survey and consequent maps eliminate many of the possibilities that property may be held unknown to the assessors and hence without taxation. The estimated cost was \$17,130.

PWR Project No. 5:

This project contemplates an Administrative Research Study and

Survey of Public Services rendered by the twenty-two departments of the town. It is recommended by the field agents of Public Works Reserve so that overlapping functions and subsequent waste may be ascertained if such exist. Cost is estimated to be \$4,770.

In addition to the above the Committee made some study of the cost of completing a Tax Title Survey partially performed under PWA, also a floor properly drained for the fire house and the entire road system. But the Public Works Reserve suspended operations before this and other projects were assembled.

It should be understood that the estimates are liberal and include total costs with no deductions for Federal aid, also that by no stretch of the imagination can it be conceived that the town could undertake all such projects in any five year program. But the listing of such projects places the town in a position whereby it may receive Federal cooperation, if such is to be available and the citizens then so desire, on any of the projects.

The Committee viewed the site of a proposed swimming or wading pool in back of the firehouse. After consideration it was felt that the project was not feasible, due to type of soil, cesspools located upstream, and to value that would be received for the expense incurred. Perhaps good results would be obtained for little expenditure by sanding a portion of Mann's Pond, if the necessary permission from the property owners could be obtained.

Some towns purchase electricity from the utility companies and then act as distributing agents thereby obtaining electricity at a cheaper rate for the resident consumers and also receiving an income from the profits of such an agency. The Committee has made some inquiry relative to this practice and, further, is in process of ascertaining whether or not sufficient water power exists at former mill sites now abandoned, to generate an electrical supply for the town. It was hoped to secure the advice of a competent hydraulic engineer through the auspices of the Public Works Reserve, but the contingencies of the war intervened for the time being.

The cemetery at Main and Seekonk Sts., about three-quarters of a mile from Norfolk Center, provides for the needs of most of that section of the town. It is understood that land available to the corporation for expansion is limited and so that at some time in the future additional burying ground for the residents of this section of the town will be needed. This may not be for a considerable number of years and this Committee is not in a position to determine

when. The Committee viewed property on the northern side of Pond St., now owned by the Commonwealth. About fortyfive acres of rolling contour with porous, well drained, gavelly soil abutts Pond St., surrounded by marshy area, separating it from the remainder of the Prison property. Adjacent land on the opposite side of Pond St. for the most part, would not be adaptable for house sites and so the area, which at central point is located about one and one-half miles from Norfolk Center, would seem to be preserved in Nature's surroundings. As the town receives comparatively little income through the Commonwealth for this uncultivated land, the Committee had in mind that, if the citizens so desired, the town could petition the General Court for sale of this land to the town for a nominal sum, to be reserved as a town forest and future site of a cemetery when needed. A town forest might provide an outlet for labor in the wintertime, if another depression creates a surplus of labor.

Another possible site might be a portion of that area of land situated between Main and Pond Sts. at a point adjacent to the fire-house about three-eighths of a mile from Norfolk Centre. Most of this area is swampy, but superficial examination would indicate that a long strip that is of sloping contour and is well drained and gravelly in substance. The Committe is not acquainted with the ownership of this property and the possible reaction of such owners to the acquisition by the town of these holdings.

As far as the Committee can ascertain, people of all religious faiths may be buried in to town-owned cemetery.

It is the Committee's understanding that the town enjoys excellent financial status, being one of the few in the Commonwealth without bonded indebtedness. Nevertheless it would seem that the town does not possess abundant income and cannot undertake municipal betterments without careful deliberation, for it should be kept in mind that, for rough estimating purposes, each \$1,450 appropriated is reflected by an increase of \$1.00 in the tax rate.

Consequently it may be well to keep in mind that the policy of some towns is to extend water mains only when a 6% return on the investment may be realized from those connections agreed to in advance by abutting property owners. One adjacent town has a minimum charge of \$11.00 per year for each connection, and another town likewise charges \$16.00. If the \$16.00 minimum charge is adopted for estimating purposes, it would appear that about forty houses or connections per mile would be required to conform to such a 6% re-

turn policy. If another governmental agency contributes toward any part of the initial installatin, the number of required connections would be reduced accordingly.

The Committee feels that the School Study Committee, which includes the membership of the Town Planning Board, cannot function properly during the emergency with travel curtailed and meetings made difficult. Therefore, it recommends that the report of the School Study Committee be authorized by the citizens to be delayed until one year after the cessation of hostilities.

To the Selectmen and all other town officials who have aided by their knowledge, we express our appreciation. To our first Chairman, Herbert E. Kunde, now resigned and overseas, we express our obligation for his time and ability given so freely toward the work of this Committee.

Respectfully submitted,

IRVING SHELDON

WARRANT FOR ANNUAL TOWN MEETING

Monday, March 1, 1943

Commonwealth of Massachusetts

Norfolk, ss.

To either Constable in the Town of Norfolk, in said County,

Greeting:

You are hereby required in the name of the Commonwealth of Massachusetts to notify and warn inhabitants of Norfolk, qualified to vote in town affairs, to assemble in the Grange Hall on Monday, March 1, 1943 at 9:00 o'clock in the forenoon, then and there to act on the following articles, viz:

Article 1. To choose by ballot the following Town Officers viz: one Moderator, for one year; three Selectmen, who shall act as Board of Public Welfare and Board of Health, for one year; one Town Clerk, one Town Treasurer, one Collector of Taxes, one Tree Warden, three Auditors, two Constables, each for one year; one Assessor of Taxes, one Trustee of Public Library, one School Committee, each for three years; one Trustee Joshiah Ware fund for three years.

Article 2. To hear and act on the report of the Town Officers.

Article 3. To grant and appropriate money for all necessary Town expenses, as follows, viz:

1. Schools.
2. Town Officers.
3. Public Library.
4. Memorial Day.

5. Electric Lights for the Town.
6. Bonds for Town Officers.
7. Interest.
8. Removal of Snow.
9. Public Welfare.
10. Roads.

School Physician

H. L. Park, M. D. Medfield

School Nurse

Mrs. Nellie I. Saunders, R. N.; Long Island Hospital; (Boston City Hospital, Harvard). Box 106 Franklin.

REPORT OF THE SCHOOL COMMITTEE

To the citizens of Norfolk the School Committee submits its annual report:

Regular meetings of the School Committee are held at the Center School at 7:30 P. M. on the Thursday evening before the fourth Monday of each month, except July and August. Special meetings are held when they are necessary.

Some new machinery has been added to that already at the Manual Training Room, and the boys enjoy and make good use of their equipment there.

The girls also take pleasure in using the Domestic Science Room, and seem to take a keen interest in the Household Arts and 4H Club activities carried on there.

At both the Center and City Mills Schools the older pupils this year are very fortunate in having a lecture course given by the

Massachusetts Audobon Society. These lectures are often illustrated with stereopticon pictures, and they are proving most interesting and educational.

Other school changes have been spoken of in the superintendent's report.

We have estimated the Annual School Budget for 1943 as \$31,200. This is the same amount which was appropriated in 1942.

The Committee wish to extend their thanks to parents, teachers and pupils for their hearty co-operation.

Respectfully submitted,

WINFIELD M. GEHMAN
ALVIN J. FREEMAN
HATTIE B. DAY

Estimated School Budget for the Year 1943

Teachers' Salaries	\$9,200.00
Superintendent's Salary	900.00

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee of Norfolk:

It is an honor not lightly esteemed to hand you my fourteenth report as Superintendent of Schools. The year here reviewed has seen more sweeping changes in education than any other any of us have known; the year we face presents more problems and more difficult ones than ever before. Yet our Norfolk schools are relatively little affected, since we have no high school of our own for whose activities we are responsible. We are indeed gravely concerned for the progress of our high school pupils but only indirectly can we influence their opportunities. Here in the elementary grades we are concerned with educational foundations, which are less subject to change.

We continue to operate our two schools jointly, housing pupils in the two buildings for efficient grouping by grades, with due regard to capacity of rooms, size of furniture, and number of pupils. All first-grade pupils are in one room at the Center, for best introduction to school work; all eight-grade in another, for unified and intensive preparation for High school work. The other six grades occupy the two larger rooms at the Center and two at City Mills, each room having parts of two grades. The results amply justify the arrangement. It is remarkable how class after class changes its attitude toward school and preparation for later years in this eighth grade. Our Principal has rare skill in securing the attitude of self-direction, personal responsibility, and social consciousness. Our pupils seem yearly to settle better and better into High School work in other school systems and it is gratifying to find their record there better than average and our full share of honor pupils. In Trade School and Agricultural School more boys are making excellent records also.

Fortunately there has been but one change among our full-time teachers. Miss Tulloch left us at the February vacation for mar-

riage; for the rest of the school year Mrs. Washburn substituted with sixth and seventh grades. She again demonstrated her versatility and skill, and these pupils completed an excellent year's work. In September this position was assigned to Miss Olive Day, who had prepared especially for Junior High School teaching. Miss Murphy, for wider experience, asked to be transferred to older grades and was given parts of the third and fourth. To the first grade, thus left vacant, Miss Kathryn Donati of Needham was elected.

Other changes in the teaching force have been caused more or less directly by the war. Mr. Twombly was called into service in July and is now engaged in airplane ground work. He is given leave of absence, with the expectation that his place will be held for him if he desires it after his return. His work in Industrial Arts is being carried by Mr. William Jones, who also does the joint work given up by Mr. George Carr. His readiness to continue the shop work is appreciated—especially by the boys, who are keenly interested in it. Dr. Stagg also went into the service and Dr. Park of Medfield, although himself one of the overburdened doctors, kindly consented to do temporarily the work of School Physician. When Carl Catalano, janitor at City Mills also went his work was taken by Mr. Austin Greene. Miss Goucher, for two years our Music Supervisor, felt impelled to enter defense industry and resigned in August; she was succeeded by Miss Helen V. Barrett, a teacher thoroughly trained for music.

In reporting on her work Miss Barrett gives a full outline of her plans for the grades, aiming at development of appreciation of music, ability to share in it and to read and interpret it. She commends the hearty cooperation of the teachers and the work already accomplished.

Mrs. Judd, supervisor of Art, includes the following in her comments:

"Art was never more important to the well being of this country and to the proper functioning of our schools than in this present world crisis.

"Gratified art teachers note how the amazing collection of posters and illustrative materials are an effective help in boosting the sale of war bonds and stamps. Art is also assisting production and preventing accidents in war indus-

tries. It is a tremendous fact in training our armed forces by equipping them with maps and other visual aids in the field and on the seas. Illustrations in newspapers, magazines, articles and advertisements everywhere are helping us all to comprehend the immense task of winning the conflict ahead of us and the peace to follow.

"Alert art teachers are taking this opportunity to bring these facts to the attention of their classes. A big stride in art education is the natural result, as grade teachers let art penetrate the curriculum, enriching the timely activities of their grade war projects.

"Two specific improvements are being tried in our schools this year.

"First, two long outlines, one for each semester, have replaced the bothersome monthly outline in each grade. These are to serve for several years. Teachers now know ahead the essentials to be covered, and can plan the work of their grade more intelligently. In addition, a short supervisor's outline each month makes it easy to get the most out of these visits.

"Second, more time is being given to art appreciation, by reading and class discussion of ART through the ages. We are stressing ART for BEAUTY and ART for USE in each grade. Surprising ways appear constantly to integrate these ideas in the class work and teachers deserve great credit for their share in them."

In both Industrial Arts and Household Arts equipment has been added during the year and both shops are now very well supplied. We are justly proud that a town of this size can offer so much to both boys and girls. These classes are again enrolled in 4-H club work. Mrs. Ingraham tells of her plans in both Cooking and Sewing as follows:

"In the cooking classes, we are working, with the National Nutrition Program as a basis, to put the theory of Nutrition into practice. This is done by actual learning experiences in the cooking room. The girls have cooked the different kinds of vegetables in the manner recommended to conserve the vitamins and mineral content. Enriched breads, flours, cereals and fortified margarines are used in class

work. Meat substitutes have been prepared. They know the necessity for using less sugar and have made sugarless desserts. Later they will take up the cooking of cheaper cuts and glandular meats. We conclude this unit by helping the girls to plan menus which incorporate the principles of cookery mentioned above into attractive and appetizing meals.

"In the sewing part of the program the girls are taking up clothing construction according to their ability. Those with little experience will make simple cotton garments needed in their individual wardrobes. Those with more training will work with silks and wools, if they wish. Included in this unit will be lessons in darning, patching and remodeling."

While the work of these special departments attract particular comment and attention the steady, quiet, faithful work of the regular teachers must not be forgotten. The fewer the changes in their personnel and the better they do their daily work, the less attention they attract. We owe them much. In addition to the work already mentioned, teachers and pupils have been much occupied (sometimes interrupted) this year by work connected with the war. At the beginning of the year all teachers of the Union made a group study of a book—"Education of Free Men in American Democracy"—with special reference to consistent teaching and managing our own schools and pupils. Later came "Rationing"—of sugar, gasoline, fuel oil. It is a distinct tribute that the public schools of the nation were the organization best fitted to carry through this work. Here, as everywhere, the teachers responded heartily, glad to be of real service in the war effort, and they carried it through efficiently and successfully. Scrap drives (for paper, metals, etc.) have been conducted with vigor, children responding enthusiastically. At present the sale of War Savings Stamps and Bonds are mounting suprisingly. In the City Mills school (Sept to December) sales amount to \$81.70 and in the Center School (November and December) to \$92.05.

The effects of the war on our school subjects are less marked than in High School; Geography, History, and Arithmetic are perhaps affected and exercise and health must be more emphasized. We must see our earth shrinking in effective size, its people bound closer together in resources and interests as they are tied by instant communication and direct, quick transportation. With no inaccessible interior of any land, with travel possible in direct lines in any direc-

tion we may be at a point where the nations must learn to live together much as our States had to learn to live as one Union. Our History must be far less the campaigns of our Revolution or Civil War—much more what is going on today in the attempts to destroy and to perfect our “American Way of Life,” with what that means, how it came to be, how we will perpetuate it. If this choice presents a terrifying alternative, it also offers a wonderful opportunity in which our nation must take the lead—our pupils of today play an important part. The feeling of unrest which of necessity pervades even our elementary schools at present must be replaced by recognition of the facts of the present war, of the purpose of axis nations to destroy our way of living, and a purpose to do whatever is necessary for the right solution of the problem.

The fuel situation has as yet affected us little, since we burn coal and were well stocked. There is now some question of gasoline—some possibility that our supply for transportation may be cut or we may be directed to shorten our transportation routes or even shorten our school year.

A word may be in order to our high school boys who, may feel so unsettled as to consider enlisting, dropping out of school, or asking for short-time diplomas. Be not hasty to do any of these. If the war continues long you will surely be needed in some form of armed service or defense industry, or essential production. Make physical preparation; develop healthy, muscular bodies, with hardness and endurance. Emphasize in your studies the practical thing which you can do best; if high school will give it, continue; if it needs college, trade school, army or other training, seek that. Remember short-time diploma will always be recognized as only that, but that work in army or in other schools will be credited toward high school or other diploma. Build firm, usable foundations; do not throw away your opportunities. Do not change unless the change leads where you are going.

Finally whatever problems arise we know that the present crisis is probably one of the great turning points in history and that we can share in a great step toward world unity and peace. It is a wonderful time to be engaged in school work. For your continued devotion to the schools and pupils of Norfolk, for your continued support in my own problems and for the loyal cooperation of all teachers and workers I offer sincere thanks.

Respectfully submitted,

LYMAN R. ALLEN

REPORT OF THE PRINCIPAL — CENTER SCHOOL

The best possible proof of a well organized and efficient school department is that there is little heard about in the immediate community. With every one at work attending to his specific task the occasions for unimportant differences are few. This makes for good work in the classroom and throughout the entire system.

With the world at war it can be readily understood that the resulting atmosphere penetrates the school room, as all other places. In the upper grades a greater emphasis is now being placed upon world history and world geography. The pupils are thinking today as never before of the world as a whole and not so much in the terms of units.

Boys and girls alike are anxious to do their bit and there is a mood of serious and thoughtful understanding of much that is happening hundreds of miles away. Pupils that but a few short years ago were engaged in study in the Norfolk Schools are now writing home from places upon the earth that then were just spots upon a map in some geography book. Defense Stamps sold through the medium of the school are purchased in purposeful manner. Air planes that fly over the school house are observed with keen sight and extreme interest. Books dealing with aviation, army life and traditions of the sea are eagerly sought and read. All these factors indicate the awareness of children to a global conflict.

The teachers of Norfolk in common with thousands throughout these United States feel the importance and usefulness of their profession. Never has the opportunity been greater for the stimulation of loyalty and love for one's country. Any person dealing with the youth in our Public Schools cannot help but feel hopeful for the future of America and what it stands for in social ideals.

Again this year the school has made honest progress and is accomplishing continued good work. Reports received from Walpole High School indicate that the major portion of our students there are doing good work. A better than fair percentage of these pupils are attaining honor grades. The High School has proved especially cooperative the past two years, which is helpful to all concerned.

The painting of the school buildings provided all of the teachers with a little "lift" and professional pride. Improved interior tinting of the school room walls has been begun and will be completed during the course of the year. Equipment and supplies have continued adequate and the new duplicating machine housed in the Grade VI-VII room is an appreciated addition of essential mechanism.

Once again the Center School teachers pledge their best efforts to the task at hand. As in the past, we appreciate the cordial relations of School Committee, Superintendent, parents and citizens. We look forward to continued substantial attainment.

Most sincerely yours,

CLARENCE B. WASHBURN

REPORT OF THE SCHOOL PHYSICIAN

To the Superintendent of Schools of Norfolk:

The annual physical examination of the school pupils has been completed. In general the health of the school population is excellent and the fall term has been uncomplicated by contagious disease. Immunization to diphtheria was provided all children whose parents availed themselves of the opportunity. It has been a pleasure to do this work for Dr. A. Ritchie Stagg, now Captain in the U. S. Army Medical Corps.

Notices of the following defects were sent to parents:

Enlarged or diseased tonsils	9	Ears, wax or chronic inflam-	
Decayed teeth	38	mation	5
Eyes (inflammation)	1	Enlarged adenoids	1
		Mouth infection	1

There were three instances where the requirement of vaccination had not been met. These have since complied with the requirement.

Respectfully submitted,

HARRY L. PARK, M. D.

The health of the Norfolk children seems to keep at the same high standard that it has for many years. During these trying times enough stress cannot be put on the fact that the health of everyone, especially the children, should be guarded with even greater care than usual; this we will all co-operate in accomplishing.

Respectfully submitted,

NELLIE R. SAUNDERS, R. N.
