REPORT OF BOARD OF SELECTMEN

The Board of Selectmen meets every second and fourth Monday of each month at 8:00 P.M. at the Selectmen's Rooms at the fire station. In the event of a special meeting being held, the Town Clerk is notified.

Several polio clinics were held during 1961 and it is hoped that oral vaccine will take its place in the future.

A new Town Garage has been built and we feel that it will prove its value in enabling the Highway Department to better service their equipment. Service should be better during storms and at all other times.

We have reached a point in the Town's growth where all departments are undergoing changes and requesting expansion. Articles appear on the Annual Warrant dealing with additions to our library and our water system and a new police and fire building. A special meeting will be held at a later date to act on an addition to the Central School.

The townspeople must consider each of these articles carefully as to need and their impact upon the tax rate of the Town.

Road Superintendent Kay retired after several years of fine and faithful service and has been replaced by his assistant James Foley whom we are sure will do a fine job.

We have been plagued during the year by zoning violations of various regulations. May we point out that these are your laws and in fairness to everyone should and must be respected. The building inspector must be contacted and his approval received before any type of construction or addition is started. Zoning and zoning by-laws are for protection and not persecution as some seem to think. We have several by-law changes on the warrant coming up for action, and one zoning change.

Article 2 on the warrant calls for placing the police department members under Civil Service. This will appear on the ballot on March 5th and will not be acted on at the adjourned Town Meeting.

Regarding the town dump, may we request that you dump in the designated areas and not in the traveled road or turn arounds. Your cooperation will be appreciated. The use of the dump is restricted to Norfolk residents only.

Respectfully submitted,

WALTER T. HOLMES, Chairman
GEORGE F. GEHMAN, Clerk
CHARLES H. WEEBER, JR.

REPORT OF THE TOWN CLERK

Proceedings Annual Town Meeting—Monday, March 6, 1961

For the Year Ending December 31, 1961

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

At a legal meeting of the inhabitants of the Town of Norfolk qualified to vote in town affairs and elections, held in the New School, Monday, March 6, 1961, at 9:00 in the forenoon under a warrant issued by the Selectmen and dated January 23, 1961, duly attested and posted by Nels T. Carlson, a Constable of Norfolk, action was taken on the articles after the Election Officers were sworn in by the Town Clerk.

Article 1. To choose by ballot the following town officers; viz: One Moderator, for one year; one Selectman, for three years; (Selectmen to act as Board of Health); one Town Clerk; one Town Treasurer; one Collector of Taxes; one Tree Warden; two Constables, each for one year; one Trustee of Public Library, for three years; one member School Committee, for three years; one Water Commissioner, for three years; one Assessor, for three years; one member of Board of Public Welfare for three years; one member of Planning Board for five years; one member Regional District School Committee for three years.

Article accepted. Unanimous vote yes.

Article 4. Moved that the Town authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1961, and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Voted Yes, unanimously.

Article 5. Moved that the Town vote to raise and appropriate the sum of \$6,000.00 for Water Department Maintenance.

Voted Yes.

Article 6. Moved that the Town vote to transfer the sum of \$3,613.10 from the Machinery Fund and raise and appropriate the sum of \$1,000.00 making a total of \$4,613.10 for the Machinery Maintenance account.

Voted Yes, unanimously.

Article 7. Moved that the Town vote to transfer from Surplus Revenue the sum of \$24,650.00 which is the amount of the State and County share on Chapter 81 and Chapter 90 projects with a proviso that the sums received from State and County are credited back to Surplus Revenue upon receipt.

Voted Yes, unanimously.

Article 8. Moved that the Town vote to transfer from Surplus Revenue the sum of \$1,300.00 to purchase a new police cruiser and to grant the Board of Selectmen the right to trade or otherwise dispose of the present police cruiser.

Voted Yes.

Article 9. Moved that the Town vote to rescind an appropriation of \$1,800.00 made at the Annual Town Meeting, March 1959, for a replacement of the fire alarm system.

Voted Yes, unanimously.

Article 10. Moved that the Town vote to transfer from Surplus Revenue the sum of \$18,000.00 to construct a new highway garage.

Voted Yes.

Article 11. Moved that the Town vote to transfer from Surplus Revenue the sum of \$2,500.00 to construct a sidewalk on Main Street, from the Center to Seekonk Street, or any part thereof.

Amendment—That the amount to be transferred from Surplus Revenue be raised to \$5,000.00.

Voted No.

Original Motion—Voted No.

Article 12. Moved that the Town vote to transfer from Surplus Revenue the sum of \$2,500.00 to construct a sidewalk on Rockwood Road, between Boardman Street and Main Street, or any part thereof.

Amendment—That the amount to be transferred from Surplus Revenue be raised to \$5,000.00.

Voted No.

Original Motion—Voted No.

Article 13. Moved that the Town vote to postpone indefinitely any action to transfer to the Norfolk Public Library Account the amount of money received from Library fines in 1961.

Voted No.

Moved that the Town vote to transfer to the Norfolk Public Library Account the amount of money received from Library fines in 1961.

Voted Yes.

Article 14. Moved that the Town vote to transfer to the Norfolk Public Library Account the amount of money received by the Town under Chapter 760, Acts of 1960, An Act Providing State Aid for Free Public Libraries.

Voted Yes, unanimously.

Article 15. Moved that the Town vote to raise and appropriate the sum of \$60.00 to install and maintain the following street lights:

Cleveland Street, Wills residence at curve
Corner of Main and Alice Avenue
Medway Street, Howard residence

Voted Yes, unanimously.

Article 16. Moved that the Town of Norfolk elect a recreation commission of five (5) members at the next Town Election, said commission to be elected in the following manner: two (2) members for three (3) year terms, two (2) members for two (2) year terms, one (1) member for a one (1) year term; their successors to be elected to terms of three (3) years each and that the present board serve until the next annual election.

Voted Yes, unanimously.

Article 17. Moved that the Town vote to accept as a public way that portion of Spring Street known as Spring Street Extension as laid out by the Selectmen and shown on a plan approved by the Planning Board, a copy of which is filed in the office of the Town Clerk.

Voted Yes.

Article 18. Moved that the Town vote to postpone indefinitely any action on Article 18, calling for a sum of money to be used to construct two adjacent tennis courts to be used as recreational facilities for residents of the Town.

Voted No.

Moved that the Town vote to transfer from Surplus Revenue the sum of \$3,200.00 to be used to construct two adjacent tennis courts to be used as recreational facilities for residents of the town.

Voted Yes.

Article 19. Moved that the Town vote to accept Section 21, Chapter 40 of the General Laws by adding to the By-Laws of the Town the following section: Article 9, Section 20: The owner of land whereon is located an abandoned well or a well in use shall provide a covering for such well capable of sustaining a weight of 300 pounds or to fill same to the level of the ground. The penalty for violation of this by-law shall be a fine of not less than \$100.00 nor more than \$500.00

Voted Yes, unanimously.

Article 20. Moved that the Town vote to add to its By-Laws as follows: Article 9, Section 19: The Superintendent of Streets, for the purpose of removal or plowing snow, or removing ice from any way, by employees of the Town or such other assistance as he may require, remove or cause to be removed to the nearest convenient place, including in such term a public garage, any vehicle interfering with such work. The cost of such removal, and of storage charges, if any, resulting therefrom shall be paid by the owner of the vehicle. The Superintendent shall keep records of the registration number of each vehicle so removed and of the place to which it was removed.

Voted Yes, unanimously.

Article 21. Moved that the Town vote to transfer from Surplus Revenue the sum of \$9,000.00 to purchase a new truck for the Highway Department, and to grant the Board of Selectmen the right to trade or otherwise dispose of the present truck.

Voted Yes, unanimously.

Article 22. Moved that the Town vote to transfer from Surplus Revenue the sum of \$1,200.00 to purchase a new snow plow for the Highway Department.

Voted Yes, unanimously.

Article 23. Moved that the Board of Selectmen appoint a Committee of five to make further study on Article 23 calling for a sum of money to build an addition to the present fire station and that said committee report their findings prior to the next Annual Town Meeting.

Amendment—That under Article 23 the Selectmen appoint a joint committee to study the fire station and the police department and that the sum of \$500 be appropriated for this committee's use.

Voted Yes.

Article 24. Moved that action on Article 24 calling for a sum of money to build an addition to the present police station be postponed indefinitely.

Voted Yes, unanimously.

Article 25. Moved that the Town vote to raise and appropriate the sum of \$1,200.00 to provide drainage and surface for Litchfield Avenue.

Voted No, 80 - 73.

Article 26. Moved that the Town vote to postpone indefinitely authorization for the Board of Health to cooperate with the Department of Mental Health by providing a Regional Health Service as provided in Section 5, Chapter 40 of the General Laws, Clause 40-C.

Voted Yes, unanimously.

Article 27. Moved that the Board of Selectmen appoint a committee of three to make further study on Article 27 calling for a sum of money to purchase and replace two-way radio equipment in accordance with recent Federal Communication Commission regulations and that said committee report their findings prior to the next Annual Town Meeting.

Voted Yes, unanimously.

Article 28. Moved that the Town vote to discontinue the present method of electing members of the Board of Selectmen for three years and instead to vote to elect at the Annual Town Meeting for the calendar year 1962 one member of the Board of Selectmen for a term of one year; at the Annual Town Meeting for the calendar year 1963, two members of the Board of Selectmen for a term of one year, and thereafter three members of the Board of Selectmen shall be elected annually for a term of one year.

Voted No.

Article 29. Moved that the Town vote to postpone indefinitely action on Article 29, calling for the town to establish a quorum at Town Meetings by adding Section 4 to Article 1 of the Town By-Laws.

Voted Yes, unanimously.

Article 30. Moved that the Town vote to authorize the Moderator to appoint a committee of five members to study the costs of additional classrooms and any other item for the Norfolk Central School; this

committee to report by the next Annual Town Meeting or Special Town Meeting held for that purpose; and that the Town raise and appropriate the sum of \$3,000.00 for use of said committee.

Amendment—That Article 30 be amended to read “this committee to make a detailed written report by the next Annual Town Meeting or Special Town Meeting.”

Voted Yes, unanimously.

Article 31. Moved that the Town vote to postpone indefinitely the acceptances as a Town way of Farm Road.

Voted Yes, unanimously.

Article 32. Moved to postpone indefinitely action on Article 32.

Voted No, 123 - 111.

Moved that the Town vote to amend Article 3 of Section 2 of Chapter 1 of the Town Zoning By-Laws so as to change from a restricted residential to a business district use—the land owned by Henry C. and Leocadia A. Schultz, bounded and described as follows, or take any other action in relation thereto:

Beginning at a point on the Westerly side of Medway Street the corner of land at grantees;

Thence, Westerly grantees' land to corner at land of grantor;

Thence, North by grantor's land fifty-five feet (55') to pipe in the ground;

Thence, East by said grantor's land one hundred eighty-five feet (185') to Medway Street at a point;

Thence one hundred fifteen feet (115') in a Northerly direction from point of beginning;

Thence, South by West line of Medway Street one hundred fifteen feet (115') to point of beginning.

Voted No, 126 - 101.

Article 33. Moved that the Town vote to postpone indefinitely the acceptance as a Town way of Lark Road.

Voted Yes, unanimously.

Article 34. Moved that the Town vote to authorize the Moderator to appoint a permanent school planning committee of seven members to consist of one member each of the Norfolk King Philip Regional School District, one member of the local school committee, one member

of the Board of Selectmen, and four members at large, to study and report to any Annual or Special Town Meeting in the school building requirements.

Voted Yes, unanimously.

Moved that the Town vote to authorize the Selectmen to appoint a committee of five to study the construction of sidewalks, said study to include a betterment tax or some other method of payment.

Voted Yes.

Motion made to adjourn. Voted Yes, unanimously.

WILLIAM F. CAVANAUGH,
Town Clerk

WARRANT FOR SPECIAL TOWN MEETING

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To either Constable in the Town of Norfolk, in said County,

Greetings:

You are hereby required in the name of the Commonwealth of Massachusetts to notify and warn inhabitants of Norfolk, qualified to vote in town affairs, to assemble in the Central School Auditorium on Monday, September 25, 1961 at 8:00 P.M. then and there to act on the following articles, viz:

Article 1. To see if the Town will vote to raise and appropriate or transfer from unappropriated available funds in the Treasury a sum of money to purchase a certain parcel of land situated off Boardman Street, between land of the Town of Norfolk and land of the New York, New Haven & Hartford Railroad supposed to contain six acres of land together with a right of way fifteen feet in width from said Boardman Street, said land abutting the easterly side of the Norfolk Central School playground; Said sum of money to be \$6,000 or if said parcel of land contains less than six acres, the price paid shall be equivalent to \$1000 per acre, or take any other action in relation thereto.

Article 2. To see if the Town will vote to raise and appropriate or transfer from unappropriated available funds in the Treasury, the sum of \$800 to survey and record the land as described in Article 1, or take any other action in relation thereto.

Hereof, fail not, but make due return of the warrant, with your doings thereon to the Town Clerk, on or before the hour of said meeting.

Given under our hands and the seal of the Town this 11th day of September, 1961 A.D.

WALTER T. HOLMES
GEORGE GEHMAN
Selectmen of Norfolk

A true copy, Attest: September, 1961

NELS T. CARLSON,
Constable of Norfolk

Meeting opened by the Moderator, the Warrant and Constable's return read.

Article 1. To raise and appropriate a sum of not more than six thousand dollars (\$6,000.00) to purchase a lot of approximately six acres off Boardman Street and adjoining the school property. If the lot is found to be less than six acres, it shall be one thousand dollars (\$1,000.00) per measured acre.

Voted Unanimously.

Article 2. To raise and appropriate the sum of five hundred dollars (\$500.00) to survey and record the land described in Article 1.

Voted Unanimously.

A true copy, Attest:

WILLIAM F. CAVANAUGH,
Town Clerk

In addition deaths were recorded of 200 non-residents who died either at Pondville Hospital or at the Prison Colony.

Report of Town Departments

WATER DEPARTMENT REPORT

Sixteen new services were added to our water system, making a total of 350 services.

On April 14, 1961, Mr. A. Keenan resigned as water superintendent.

Mr. Charles Sharon, Jr., was appointed as water superintendent.

On September 5, 1961, Mr. Charles Sharon, Jr., resigned as water superintendent.

Mr. Vival Ingraham, Jr., was appointed temporary water superintendent on October 3, 1961.

Due to the fact, that the water superintendent is a part time job, the water board requests that any application for water, etc. be made well in advance, to enable our superintendent to schedule the time for the job.

WATER DEPARTMENT STATISTICS

Footage of main	50,790	1961
Miles of mains	9.71	1961
Average footage per service	145	1961
Services per mile of main	36	1961
Number of services	350	1961
Water used in 1961—center system	12,711,300	gals.
Water used in 1961—Mirror Lake system	6,852,520	gals.
Total water used in 1961	19,563,820	gals.
Increase over 1960	3,819,386	gals.
Average used per day	54,343	gals.
Average used daily per service	155	gals.
Increase in water used in 1961 (Center System)	855,000	gals.
Increase in water used in 1961 (Mirror Lake System)	2,964,386	gals.
Average income per service	\$33.26	for 1961

INCOME

Sale of water	\$11,643.47
Service connections	1,652.97
Total committed to collector	\$13,296.44

EXPENSES

Cost of water		\$2,620.00
Cost of maintenance (includes labor, clerical, postage, supplies, new equipment, meter readings, stationery, etc.)		3,380.00

A. F. BREMILST, Clerk
E. S. PINK, Chairman
R. ELLIOT

REPORT OF TREE WARDEN AND INSECT PEST CONTROL SUPERINTENDENT

To the Board of Selectmen:

The long process of roadside improvement goes on at a regular pace. It is satisfying to report that, year by year, the number of necessary Elm tree removals decreases, so that more attention can be paid to other phases of the department's work. Areas which, previously, have been neglected are now receiving their share of attention. Weak, diseased, or undesirable trees are being removed so as to provide growing space for healthy, well-formed species.

Also, where opportunity permits, or necessity dictates, new trees are being planted. During the past year, Sugar Maple, Mountain-ash, and Schwedler Maples were used.

A Spring spray program, to combat Elm Bark Beetle and Tent Caterpillar, was carried out, with some apparently successful results.

1962 will show more progress in the same general directions. An increased number of different species of trees, both shade and ornamental, are already on order. This planned program of pruning, thinning, and re-planting will continue to make the roads of Norfolk increasingly attractive and progressively more serviceable.

Respectfully submitted,

KENNETH H. WOOD, Tree Warden
Insect Pest Control Supt.

REPORT OF BUILDING INSPECTOR

	January 2, 1962
Total Permits Issued	60
New Dwellings	29
Additions	20
Garages	7
Others	4
Total amount collected	\$269.00
Total Valuation listed on Permits	\$456,500.00

Respectfully submitted,

DOUGLAS C. BROWN,
Building Inspector

REPORT OF THE POLICE DEPARTMENT

Honorable Board of Selectmen:

I herewith submit my fourth annual report of the Police Department activities for the year 1961.

The following Investigations:

Motor Vehicle Accidents	85
Fatal Accidents	None
Sudden Deaths	3
With the Registry of Motor Vehicles	46
With the Fire Marshal Office	2
With Other Police Depts.	68
Emergency Trips to Hospital and Doctors	42
Emergency Messages Delivered	23
Motor Vehicle Investigations	26
Stolen Vehicles Recovered	4
Estimated value, \$3,500.00	
Property Recovered for Residents	
Value, Approximately \$1,500.00	
Missing Persons	2
Complaints of Criminal Violations	155
Suicide	1
District Court Appearances	112
Superior Court Appearances	22
Business Places Found Unlocked and Secured	52
Motorists Assisted	43
Assisted Ambulance Crew	14

Arrest Summary:

Breaking and Entering	3
Larceny	4

Statutory Rape	4
Drunk	6
Driving Under the Influence	7
Operating so as to Endanger the Lives and Safety of the Public	10
Operating Without License	3
Operating After License Suspended	3
Speeding	8
Failure to Slow, Intersection	3
No Inspection Sticker	5
Passing View Obstructed	2
Defective Motor Vehicle Equipment	5
Leaving the Scene of an Accident	1
Allowing an Improper Person to Operate	1
Failure to Stop—Stop Sign	3
Violation of Probation	1
Contributing to the Delinquency of a Child	4
Runaways	5
Escape Wrentham State School	6
Escape, Barnstable House of Correction	1
Operating with no Insurance, Motor Vehicle	1

In addition to the above arrests 143 motor vehicle violators were reported to the Registry for action.

A new filing and reporting system has been started which is felt will in the next annual report give a more detailed explanation of our activities for 1962.

Officers Charles Ray and William Meau were graduated from the Mass. State Police Academy this year after an extensive four weeks of training. Each officer was required to live at the academy from Monday morning until Friday afternoon. I know that it was a personal sacrifice on the part of each officer and wish to congratulate them both. I firmly believe that this community expense is in reality a "Community Investment" for a trained officer is a great asset to a community and is better qualified to serve his town.

The Auxiliary Police have been very helpful and have been used for church traffic, as a second man in the cruiser weekends, and during several emergencies this year. Again I want to impress on the townspeople that these men DO NOT RECEIVE PAY for their time. They are appointed under the Civil Defense Act and are forbidden to receive wages. For their many hours of devoted duty my deep thanks for a job well done.

An article is on the annual town warrant for your consideration to build a combination fire and police station. The present police station was built in 1929 when the department was a part time oper-

ation and is still in operation 32 years later with a full time department. We are very cramped for proper office space, proper file cabinet set-up, interrogation room, gun storage, gas grenade storage, juvenile detention quarters, female prisoner cell, police officer locker room and many other things a Police Dept. has or needs. At the present time we have divided the front office into two small offices and are using the rear cell room for officers lockers, radio storage, file cabinet with one corner cut off to make a lavatory in which we must store our photocopy machine. I sincerely invite each person who is interested in our station to visit and see conditions firsthand and form your own opinion as to our need. I will be glad to show you our file systems, photo set-up etc., at your convenience.

I also want to thank all the Town Depts. for their excellent cooperation as it has been a pleasure to work with them this past year.

Respectfully submitted,

SAMUEL J. JOHNSTON,
Chief of Police

REPORT OF THE NORFOLK COUNTY MOSQUITO CONTROL PROJECT

To the Citizens of Norfolk:

Submitted herewith is the report of the Norfolk County Mosquito Control Project of its Activities in the Town of Norfolk for the year ending December 31, 1961.

Aerial Spraying	1,050 Acres
Ground Spraying	359½ Acres
Pre-hatch Dusting	37 Acres
Drainage	4,255 Feet
Brush Clearing	550 Feet
Culverts Cleaned	13 Culverts
Catch Basins Treated	67 Catch Basins

Respectfully submitted,

JOHN C. KUSCHKE,
Superintendent

cc: Board of Health

ANNUAL REPORT OF THE BOARD OF APPEALS

For the Year Ending December 31, 1961

The Board of Appeals held thirteen (13) public hearings during the year 1961, nine (9) on Zoning Law variances, two (2) on soil removal and two (2) on parking of house trailers. Eight (8) Zoning Law requests were approved, two (2) soil removal permits were granted and one (1) trailer permit was granted.

The Board of Appeals schedules their regular monthly meeting on the second Wednesday of each month when necessary, at the Selectmen's Rooms at 8:00 P.M. Any application to the Board of Appeals for a permit or Zoning Law variance must be in the hands of the Secretary of the Board by the fifteenth day of the preceding month.

Any applicant to the Board of Appeals must be present at his or her hearing, either in person or by an authorized agent, or no decision will be made by the Board.

Each application to the Board for a Zoning Law variance or a permit shall be accompanied by a fee of seven dollars (\$7.00) by check made payable to the Town of Norfolk. The Board collected one hundred and five dollars (\$105.00) in fees and paid out fifty one dollars and fifty cents (\$51.50) for advertising expense.

Each application for a Zoning Law variance or a permit shall be accompanied by an accurate sketch, to scale, with dimensions of lot size, frontage, setbacks, street and side lines, building size, and street and lot number (if any).

Each application for soil removal shall be accompanied by an accurate drawing showing location, general contours and cross sections required to give a complete picture of the site, also the amount of soil, stone, loam, sod, or gravel to be removed and the reason for removal.

Respectfully submitted,

RAWL, LEWIS A., Chairman
ALLAN, JOHN W., Secretary
RAVINSKI, JOHN
MARTUCCI, ANTHONY J.
MACKEY, ALAN A.
ROGERS, BENJAMIN D., Alternate
NICHOLS, GEORGE E., Alternate

REPORT OF THE TAX COLLECTOR

To the Board of Selectmen:

The Tax Collector of the Town of Norfolk herewith respectfully submits the annual report ending December 31, 1961:

REPORT OF VETERANS' SERVICE OFFICER

Norfolk, Massachusetts

January 9, 1962

Board of Selectmen
Norfolk, Massachusetts

Subject: Annual Report

Gentlemen:

In the early part of 1961 the Veterans' Services was quite active with 4 cases continued from 1960. During the later part of 1961, 3 of these cases were eliminated. Cases interviewed in 1960 are as follows:

Active cases approved and continued from 1960	4
Applicants for Veterans' Aid	5
Applications approved	2
Applications ineligible	3
Applicants for Federal Aid	1
Requests for information	4
Veteran requesting transportation to V.A. Hospital	1

Of the two cases approved, one is presently receiving aid, and the other is no longer in need of assistance.

Applications for Federal Aid were processed by this department but no financial assistance is required by the town.

Respectfully submitted,

CHARLES H. STONE,
Veterans' Agent

REPORT OF BOARD OF PUBLIC WELFARE

To the Board of Selectmen:

The Board of Public Welfare submits the annual report for the year 1961.

The total amount spent for Old Age Assistance and Medical Assistance for the Aged was \$22,365.91. The total number of cases aided was thirty.

The combined total spent on Aid to Dependent Children, Disability Assistance and General Relief was \$8,427.40.

Medical Assistance for the Aged, a category of aid effective October 1, 1960 and still in its infancy in 1961, introduced a completely new trend in the assistance field, with new and different eligibility requirements.

The Medical Care Plan, with its numerous fee schedules is functioning in a systematic manner, providing a control but giving to our aged and ill adequate medical care.

Our Legislators liberalized the Aid to Dependent Children program early in 1961 by reducing some eligibility requirements and by eliminating others. Families with unemployed fathers were given added consideration.

From time to time the Department of Public Welfare sponsors training programs for local, district and state personnel.

The Board of Public Welfare meets the first and third Thursdays of each month at 7:30 P.M. Recipients and prospective recipients may attend to discuss any problems.

Respectfully submitted,

RUSSELL J. QUIST, Chairman
JEANNE D. HILL, Clerk
JANE S. SULLIVAN

REPORT OF THE HIGHWAY DEPARTMENT

Board of Selectmen
Norfolk, Mass.

Gentlemen:

Our equipment now consists of the following:

- 1 International 1948 truck 2½ ton sander body
- 1 International 1952 truck 2½ ton sander body
- 1 International 1958 truck 2½ ton dump body
- 1 International 1958 4 wheel drive dump body 2½ ton
- 1 International 1960 4x4 dump truck 3 ton
- 1 Dodge 1951 2½ ton dump truck
- 1 International 1955 ½ ton pick-up truck
- 1 Case Tractor loader 1 yard
- 1 1952 Ford mower tractor
- 1 Grace broom

The Chapter 90 work on Laurence Street was completed early in 1961. We started another section of construction on Park Street but were not able to finish due to the delay in getting the heavy equipment needed. We hope to be able to finish this and start another section this coming year.

The usual amount of resurfacing, repairing and drainage was done. We were also able to widen the corner on King Street and the corner on Seekonk Street.

The new garage was ready for use in mid-December. This has given us an opportunity to fix and paint some of our equipment.

Mr. Azor J. Kay retired in November. I have taken over his duties and hope to be able to do a satisfactory job.

Respectfully submitted,

JAMES L. FOLEY

Superintendent of Streets

REPORT OF THE RECREATION COMMITTEE FOR 1961

To the Town of Norfolk:

The recreation committee is pleased to report its activities for the year 1961. Three major events: the swimming program, the construction of the tennis courts and the playground program, plus support of two bicycle clinics, assistance to the Little League organization and continued investigation into swimming site possibilities constituted the work for the year.

Tennis court construction was done under the supervision of the committee and the courts were officially opened on August 27th when a tennis exhibition was held. The swimming program held in July 1961 offered both junior and senior lifesaving instruction as well as instruction for beginners, intermediates and advanced swimmers. Participation in the swimming program totalled 168 persons. Mrs. Marilyn Cormier was instructor for all classes. Lifesaving classes were held, through the courtesy of the Benjamin Rogers family, at their private swimming pool. All other classes were held, through the courtesy of the William Ray family, at their beach on Mann's Pond.

The playground program was held for three weeks in August under the direction of Miss Barbara Bartholomew. The program was divided into morning and afternoon groups with an approximate attendance of eighty persons.

Chief of Police Samuel J. Johnston and officers William Meau and Charles Ray conducted two bicycle clinics in June which were attended by small but enthusiastic groups of youngsters. An advanced test was given which included a road test, passed by 15 riders.

Assistance was given the Little League for the construction of dugouts which were completed during the summer.

No solution to the problem of suitable public swimming beaches has been found but the committee intends to explore every possibility with the hope of finding a reasonable answer.

Respectfully submitted,

RUSSELL M. ARNOLD, Chairman
J. SIEVERT, (resigned)

REPORT OF THE CIVIL DEFENSE AGENCY FOR 1961

During 1961 we witnessed a re-birth of civil defense on the national level. First came the re-organization of the Federal Civil Defense and Manpower Mobilization Agency and the placing of it under the Department of Defense in charge of an assistant secretary. Secondly, President Kennedy's address on the subject of civil defense and survival resulted in a huge wave of activity throughout the country in relation to the construction of home fall out shelters for family protection against radiation. This agency anticipating a demand for handbooks and information stocked sufficient copies for all those interested in both home protection exercises and the construction of home fall out shelters. Copies of available handbooks and plans may be obtained by writing to the Norfolk Civil Defense Agency or by telephoning the Director's home, the number being 528-1700.

Your local Civil Defense Agency has been active throughout the year in carrying out the duties imposed on it by law. Meetings between the local director and his deputies and in area meetings with State Civil Defense Officials have taken place at frequent intervals.

Our communications division has maintained its fine record of service with its weekly radio drills testing all equipment each Monday evening to insure proper operation between Norfolk C.D. Headquarters in the Fire Station and State Sector Headquarters in Stoughton.

The Auxiliary Police Unit has devoted many hours of its time to training in law enforcement, firearms handling, first aid, radiological monitoring, traffic control and practical police work. The unit was activated on several occasions by the Chief of Police for man hunts, Hurricanes, and special details, in order to give the men training in police work along with the regular police on duty.

At the writing of this report, a Federal Survey is being conducted in Norfolk to determine suitable buildings which might be used as mass or public fall out shelters. Present thinking of Federal Officials emphasizes the use of both home and public fall out shelters to protect the public from fall out radiation in the event of a nuclear attack on this country. The construction of home fall out shelters by individuals has proceeded rather slowly because of a number of problems, the chief one being financial. Present estimates for a do it yourself shelter in the basement of your home for four people average about \$250.00. We hope that 1962 engineering will come up with some new, cheap and readily available method of fall out protection available to all.

As Civil Defense also operates in the event of Natural Disasters, a special Hurricane Watch Room will be set up at C.D. Headquarters at the Fire Station for the 1962 Hurricane Season. Maps and materials for Hurricane Plotting will be set up and maintained during all Hurricane Alerts, so that hourly progress reports will be available at our Command Post at C.D. Headquarters, for all interested persons, and for the guidance of all officials concerned with Public Safety.

Respectfully submitted,

ROBERT K. FORSBERG,
Director

REPORT OF NORFOLK PLANNING BOARD

January 8, 1962

The following is the annual report of the Norfolk Planning Board for 1961:

Number of Regular Meetings	12
Number of Special Meetings	5
Number of Plots Approved	30
Number of Sub-divisions Approved	2

The Planning Board meets regularly, the second Monday of each month at 8:00 P.M. at the Town Hall.

Your Planning Board has three primary functions established by the General Laws of Massachusetts, the first being sub-division control, secondly, zoning regulations and thirdly, the creation of a Master Plan.

Sub-division control is concerned primarily with the proper layout of new residential developments, to protect the health, safety and welfare of our present and future citizens of Norfolk.

Zoning regulations are made to insure the constructive and organized use of lands for residential, business and industrial uses for the best interest of the people of the town as a whole.

A Master Plan is designed to provide a guide for the future growth and development of a community, to provide a way in which various elements of a community may be brought into their proper relationship and made to function together effectively with the minimum of conflict and the maximum of economy and stability, and to provide a way of assuring that each new improvement which is made in the community makes its full contribution to the transforming of the present community into an increasingly better one.

Your Planning Board invites your suggestions and recommendations in this area of Town Government.

Respectfully submitted,

ROY A. JACOBSON, Acting Chairman
GUSTAF E. PEARSON, Secretary
HENRI J. BEAUCHEMIN
JOHN W. PACKARD
JOHN W. EVANS

ADVISORY BOARD REPORT

The Advisory Board, consisting of nine members appointed by the Moderator met seventeen times in 1961. Nine of these meetings were held to study and advise on the Annual Warrant and the Regional School Budget, and eight special meetings were held to make transfers from the reserve fund of \$7,638.35 to meet the following emergencies:

1961

May 4—

Snow Removal \$ 170.65

September 7—

Board of Health—Town Dump 200.00

Police Department 465.00

REPORT OF STATE BUREAU OF ACCOUNTS

MR. HERMAN B. DINE
Director of Accounts

Department of Corporations and Taxation
State House, Boston

Sir:

As directed by you, I have made an audit of the tax collector's and water collector's accounts of the town of Norfolk for the period from August 25, 1960, the date of the previous examination, to March 20, 1961, preparatory to the transfer of books and accounts to the newly elected tax collector and newly appointed water collector, and submit the following report thereon:

The books and accounts of the tax collector were examined and checked in detail. The tax and excise accounts outstanding at the time of the previous examination, as well as all subsequent commitments, were audited and proved with the warrants issued for their collection. The recorded collections were checked with the payments to the treasurer as shown by the treasurer's cash book, the abatements were compared with the assessors' records of abatements granted, the transfers to the tax title account were verified by comparison with the treasurer's records of tax titles held by the town, and the outstanding accounts were listed and reconciled with the controlling accounts in the town accountant's ledger.

It is recommended that action be promptly taken by the new collector to bring about a complete settlement of all prior years' taxes.

The aggregate by levies of the tax and motor vehicle and trailer excise accounts outstanding on March 20, 1961 were reported to the assessors for their use in preparing the recommitment warrants to the new collector, and detailed lists of the outstanding accounts were furnished the new collector for his use.

The books and accounts of the water collector were examined and checked. The accounts outstanding at the time of the previous audit and all subsequent commitments were analyzed and proved. The recorded collections were checked with the payments to the treasurer as shown by the treasurer's cash book, the abatements were compared with the water department records of abatements granted, and the outstanding accounts were listed and reconciled with the town accountant's ledger.

Detailed lists of the outstanding water accounts were given to the new water collector for his use and the total amount of outstanding water accounts was reported to the water commissioners for their use in preparing a recommitment warrant.

Verification of the outstanding tax, motor vehicle and trailer excise, and water accounts was obtained by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The surety bonds filed by the new collector for the faithful performance of his duties were examined and found to be in proper form.

While engaged in making the audit cooperation was received from all of the town officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

WILLIAM SCHWARTZ,
Assistant Director of Accounts

WS:MDG

REPORT OF SCHOOL BUILDING COMMITTEE

January 15, 1962

To the Town of Norfolk:

The School Building Committee wishes to report to the Town of Norfolk that they have selected the architectural firm of Korslund, LeNormand and Quann, Norwood, to assist the committee in preparing their recommendations for an addition to the Norfolk Central School which will meet the educational needs of the elementary school population.

Meetings have been held with the School Building Assistance Commission of the Department of Education, Commonwealth of Massachusetts, in accordance with state requirements.

A progress report will be forthcoming at the time of Annual Town Meeting in March of this year.

Respectfully submitted,

ANTHONY MARTUCCI, Chairman
HOWARD KONETCHY
HAROLD LeBLANC
LEWIS RAWL
JANET SIEVERT, Clerk

REPORT OF THE FIRE DEPARTMENT

January 1, 1962

To the Board of Selectmen:

We hereby submit a summary of Fire Department calls for the year 1961:

Building Fires	16
Dump Fires	20
Brush Fires	48
Accidental Sprinkler Alarm	1
Auto Fires	5
Leaking Oil Tank	1
False Alarms	2
Children Lost	1
Auto Accident	1
Boy Caught in Tree	1
Ambulance Calls	77
Total Calls Answered	173

We would like to call your attention to the urgent need for a new Fire and Police Station. Our present quarters are too small to facilitate the work of cleaning, inspection, servicing, and making minor repairs. The trucks are bumper to bumper leaving no room or working space around each truck.

We hope you will seriously consider the article for a new Fire and Police Station in the 1962 Warrant.

Respectfully submitted,

WILLIAM SULLIVAN
ROBERT FORSBERG
JOHN McCORMACK

REPORT OF NORFOLK CONSERVATION COMMISSION

Board of Selectmen:

The Conservation Commission, in comparative infancy, finds itself still in the process of self-education in matters of procedures and techniques. Being almost totally dependent upon various State agencies for this information, our acumen has been slow to build up, yet, on the brighter side, each step has shown us many avenues of further knowledge.

Aside from this necessary self-indulgence, our term has not been without material accomplishment. Deeds to property, accepted by the Town in 1946, and given for the purposes of Town forest and wildlife sanctuary, were located, and proceedings instituted for their registration and subsequent survey.

Topographical maps and aerial photos of the Town have been purchased. These, along with cover type—wet lands maps, which are in process, will serve us in indexing our land—use survey.

In conjunction with the Recreation Committee, we have entered a serious search for swimming and family recreation areas, regarding this venture as one of the most urgent needs to fall within the scope of our authorized duties.

Our aims for 1962:

1. Membership in the Mass. Association of Conservation Commissions.
2. Through the Town library and other public information outlets, to provide a continuous flow of educational material concerning all phases of conservation.
3. To excite the interest of, and co-ordinate the work of, all agencies in the Town who could promote, encourage, or maintain the purposes for which this Commission was established.
4. Locate and survey the Town Forest area.
5. Index and map, as far as is economically possible, all of the areas in the Town which are not in either residential or industrial usage.

Respectfully submitted,

FRANCIS J. LEVERONE, Chairman
KENNETH H. WOOD, Clerk

RADIO COMMITTEE REPORT

The following is a report of the committee appointed under Article 27 of the town warrant at the annual town meeting in 1961 to study the purchase and replacement of two-way radio equipment to meet the new Federal Communications Commission rulings.

This committee met on several occasions to study the radio communications needs of the public safety department in the town and the most practical approach to meet the new rulings of the Federal Communications Commission which will go into effect October 1963. These new rulings tighten the technical requirements of the equipment used for two-way radio communication by public safety and other departments throughout the country. None of the radio equipment currently on hand complies with these new rulings. At present, the town has ten mobile two-way radios and one base station. The fire, police and highway departments all share a common communications channel assigned to the town by the Federal Communications Commission for police use. At present other public safety departments of a town may share the police channels assigned throughout the country. After October 1963 only police departments will be authorized on police channels, fire departments on fire channels, etc. This means that if the fire department is to stay on the air a new base station will have to be purchased.

There seems to be three possible approaches to the problem. They are outlined as follows:

1. Modify all existing equipment and replace those units which the F.C.C. will obsolete October 1963. Purchase one new base station. The cost is approximately:

Modify 7 mobile units	\$ 420.00
Purchase 3 new mobile units	1,650.00
Purchase 1 new base station	1,500.00
Modify old base station	100.00
Total	<hr/> \$3,670.00

2. Purchase new equipment for the police department, transfer the present base station to the fire department after modification, and modify all other equipment. The police department communication equipment operates 24 hours daily. Since this equipment will be nine years old by October 1963 and since the present maintenance costs are about \$300.00 per year, it is recommended that this equipment be replaced. The cost breakdown is approximately as follows:

Purchase 1 new base station	\$1,500.00
Modify old base station	100.00
Purchase 1 new transistor mobile unit	812.00

Purchase 2 new standard mobile units	1,100.00
Purchase 2 new remote units for base stations	800.00
Modify 7 mobile units	420.00
	<hr/>
Total	\$4,732.00

3. The third alternative is to purchase all new equipment. The cost breaks down approximately as follows:

Purchase two new base stations	\$3,000.00
Purchase two remote units for above	800.00
Purchase 10 new mobile units	5,500.00
	<hr/>
Total	\$9,300.00

The fire department communications equipment, if modified, is adequate for present use. The committee looked at this equipment and found that some of the units were over 15 years old. The equipment will require maintenance in the near future. The committee suggests that the department head monitor the maintenance costs and when they become excessive take the necessary steps to correct the situation.

The committee recommends that alternative number two be adapted. This approach should provide the public safety departments with necessary communications for the present.

We wish to thank the heads of the public safety departments for their assistance and cooperation given this committee during its study.

Respectfully submitted,

BERNARD A. BRULE
ALBERT A. LEVERONE
PETER J. SABATINI

REPORT ON FIREARMS TRAINING

Board of Selectmen:

During the past summer, the first attempt was made by the Norfolk Police Department to engage actively in an organized, instructed course in combat revolver shooting. The course simulated, as near as possible, a situation in which a police officer might find himself during his duty hours.

In the not too distant past, when a new man was sworn in as a Norfolk police officer, he was issued a badge and a revolver. It was assumed that because he was a "country boy" he would be proficient in the handling and use of firearms. **Such is not a fact.**

The combat course brought to light the fact that one man who has been a Norfolk police officer for over ten years, had never fired his service revolver. Several others lacked the basic knowledge of sight picture, trigger squeeze, proper grip, and general overall weapon handling.

Of the 13 men completing the combat course, only three or four could be depended upon to make a good showing or even to know what to do in a gun battle, should the need arise (and let's hope that it does not).

As short as the course was, limited to time, facilities and money (\$100.00 for ammunition and targets, etc.) we and the others in the police department feel that it was a worthwhile venture. Every man's score improved (some by 100%) at the end of the course, despite the low scores at the beginning.

It has been proven nationwide, by the F.B.I., the Border Patrol, and by large and small cities, that when the police officers are well trained and proficient in the handling and use of firearms, the morale (esprit de corps) and thus the efficiency of the police department is raised well above our national average.

Also, a self-confident, straight-shooting cop is probably the best deterrent against the would-be tough guy, hoodlum, etc. In every city in the nation where an extensive police program of firearms training has been inaugurated, the incidents of crime in that city has dropped in proportion to the extent of the program.

We realize Norfolk does not have a major crime wave, neither do we expect our police officers to engage in gun battles with hoodlums every day (as in Los Angeles where, in 1960, there was one gun battle between police and underworld every 24 hours). However, we all carry fire insurance on our homes—let's give our police officers some insurance—**an adequate firearms training program.**

We believe that for the sum of \$300.00 per year, we can give the men of the Norfolk Police Department adequate training in the handling and use of firearms so they will be second to none of the police departments in this area in combat marksmanship.

Respectfully submitted,

SAMUEL J. JOHNSTON, Chief
GEORGE F. GEHMAN, Instructor

REPORT OF NORFOLK SCHOOL PLANNING COMMITTEE

It has been a privilege to serve on the Norfolk School Planning Committee for 1961. The following is a report of the Committee's findings:

1. Regional District (Grades 7-12)

A. Meetings held by the joint School Planning Committees of Wrentham, Plainville and Norfolk. The following four plans were proposed:

1. An expansion of the present Regional High School, Grades (7-12) by 1964.
2. A Regional Junior High School, Grades (7-8) 1964.
3. Wrentham, Plainville and Norfolk to withdraw Grades (7-8) from King Philip's and provide for same—
4. A Junior High in (Norfolk or Plainville) by 1965 for Grades 7, and a second Junior High in 1969 for Grades 8 in the last remaining town.

B. After careful consideration by our School Planning Committee, the following decision was agreed on and read at a Regional meeting in September 1961:

The Norfolk School Planning Committee has decided to stay within the Regional District in Grades 7 through 12 and recommends the following plan:

1. A Junior High in one of the remaining two towns (Plainville or Norfolk) by 1965.
2. A second Junior High in the last remaining town (Plainville or Norfolk) by 1969 and an addition to the High School in 1973 if needed.

2. Norfolk Central School, Grades (1-6)

The School Planning Committee recommends the building of a second 8-room elementary building to be built by 1963.

We the School Planning Committee recommend the above plans to be followed by the Town of Norfolk to keep strides with our growing community and the ever greater need for education.

Respectfully submitted,

EMIL J. PETROVICK,

Chairman

REPORT OF FIRE AND POLICE STATION STUDY COMMITTEE

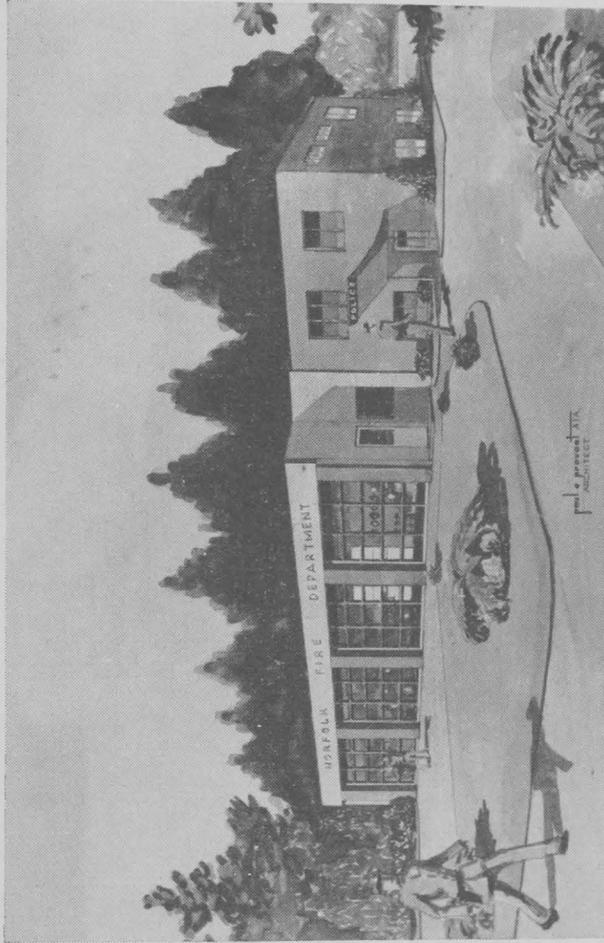

In the past year this committee and its advisors from the fire and police departments have held numerous meetings and have made trips to surrounding towns to form a sound plan for a new fire department and police station building. This program has been based on needs, location, the most suitable, economical structure, and future requirements.

To achieve the best job possible, a professional architect was hired to work with the committee. Preliminary layouts establishing size, arrangements, traffic flow, materials and appearance were developed into a final plan. A professional estimator was hired to give the committee an accurate cost analysis (this contract includes information on materials and labor which determined the total cost). This information will be of great value when final plans are made.

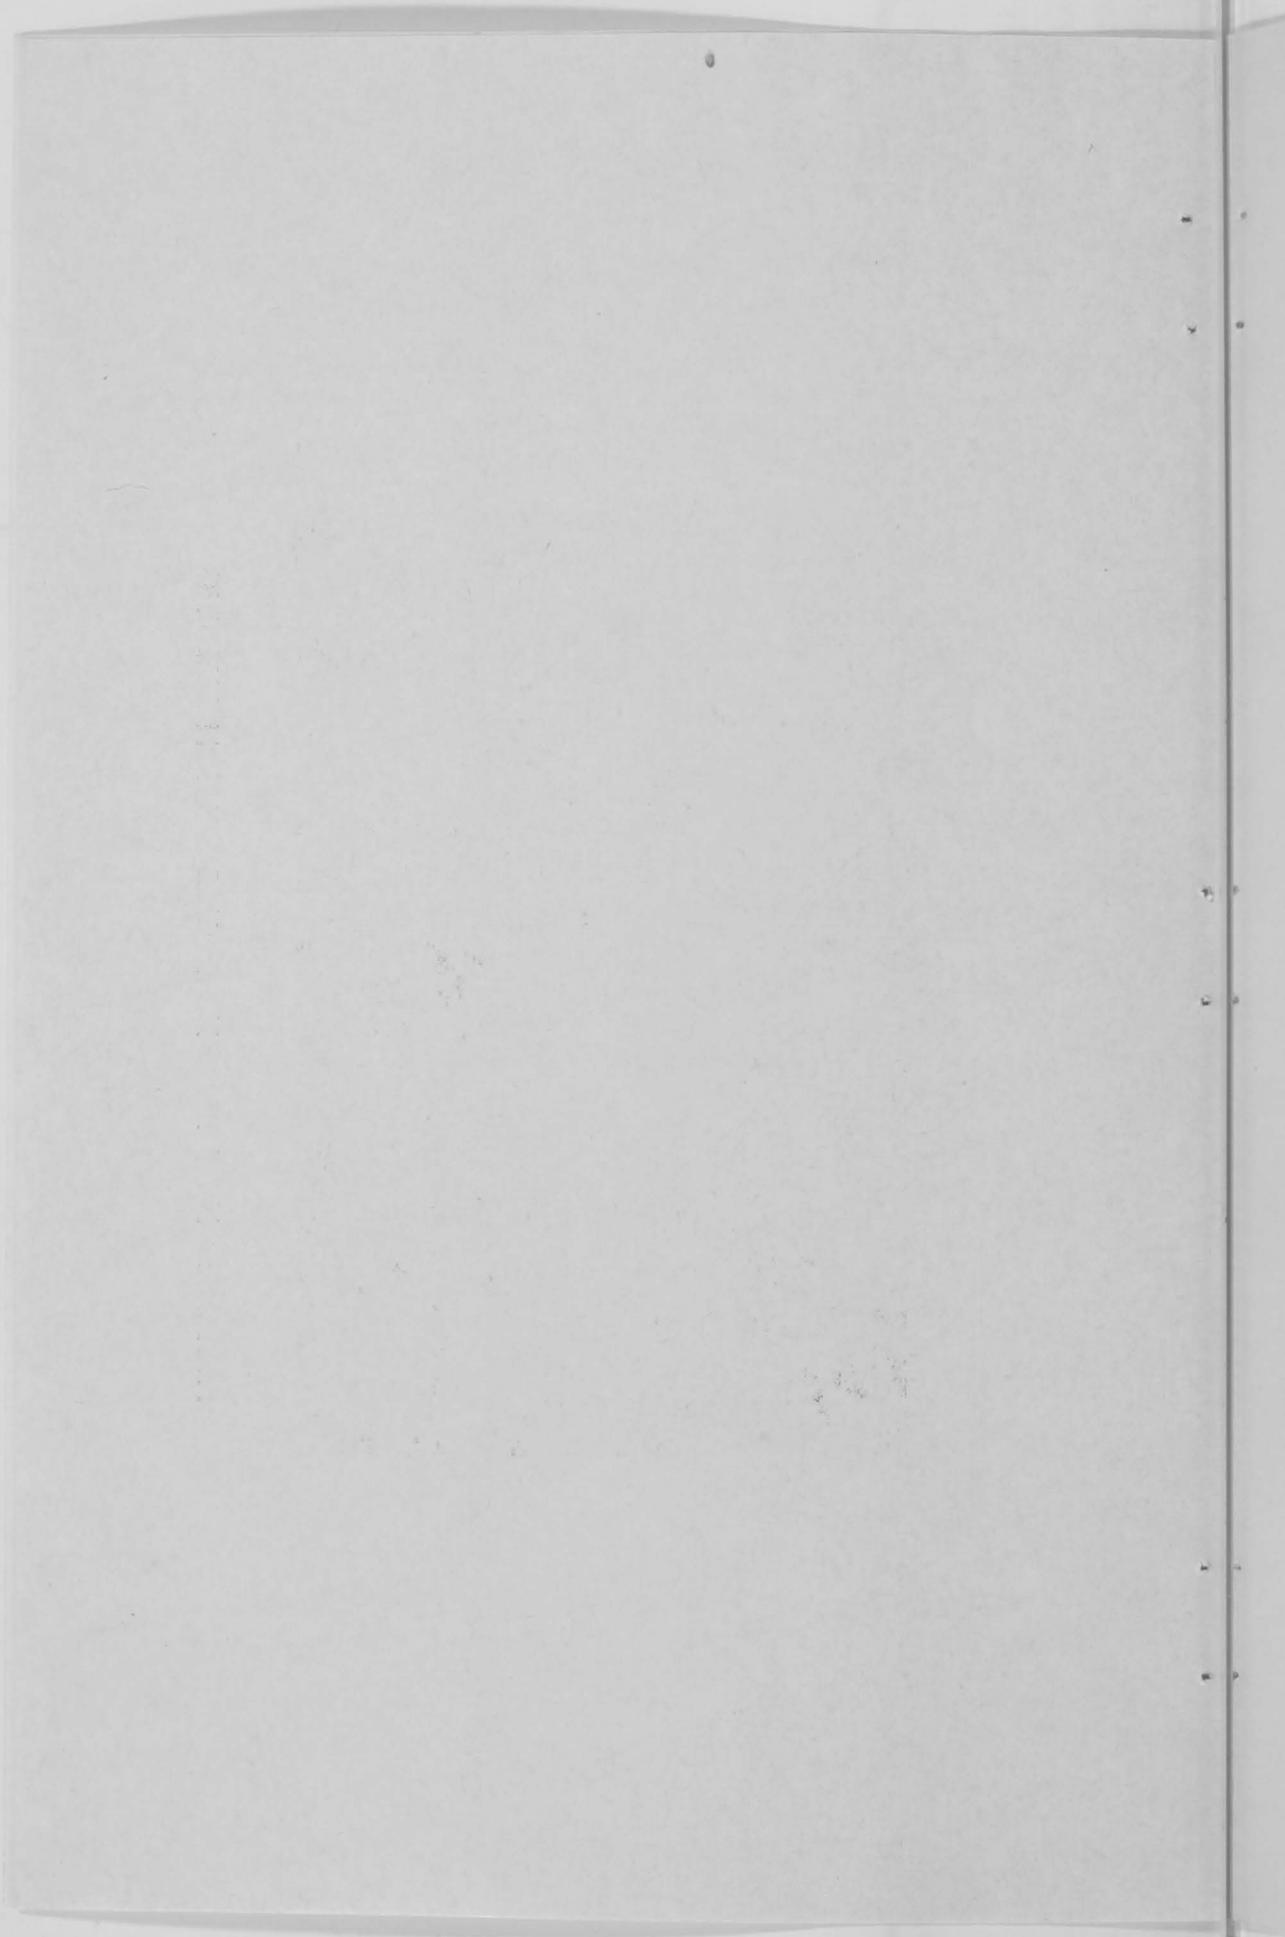

The proposed location is the site of the old tennis courts on town-owned land on Main Street. This area is centrally located by road from the outlying areas. The building has a total area of 6,096 sq. ft. Future growth of the town was a significant factor in determining the size. The possibility of needed bunk space, mechanical equipment for an alarm and whistle system, communication equipment, and adequate storage space were considered. The Apparatus Room is 60 x 60 ft., of concrete block construction with brick veneer or concrete front and four 12 x 12 doors. The police station and firemen's area is a 26 x 48 two-story wing of block and brick veneer construction. The total cost including plans, specifications, construction and inspection will be about \$77,000. Location of property line and additional furniture needed by the departments would be extra.

Record of Committee Activities:

1. Number of Meetings—9
2. Town Police and Fire Facilities Visited:
 - Norfolk
 - Medfield
 - Millis
 - West Bridgewater
3. Road distances from proposed location in miles from location to:
 - Mirror Lake—3-3/10
 - Noon Hill—4
 - Populatic—4-3/10
 - Pondville—4-3/10
4. Suggested Plans for Present Stations:
 - a. Additional town office space

PROPOSED NEW FIRE AND POLICE STATION BUILDING

- b. Storage of town records
- c. Additional garage space for town vehicles
- 5. Expenditures:
 - a. Architect's fee—\$300.00
 - b. Estimator's fee—\$150.00
 - c. Photographer's fee—\$7.00
 - d. Returned to town treasury—\$43.00

Possible Financing Plan:

For 20 years, 3% interest, \$3,800 valuation

\$1.35 to \$1.50 per \$1000 added to tax rate

Consideration was given to future town needs. An effort was made to use the appropriation in such a way, that the results would be of permanent value to the Town. In the event that the voters felt the facility was not warranted at this time, the report should be of value to any future planning group.

Respectfully submitted,

WALTER ZAGIEBOYLO, Chairman
 JOHN ALLAN, Secretary
 ELDEN LANGLEY
 GEORGE CARR
 WALTER JOHNSTON
 SAMUEL JOHNSTON, Advisor
 WILLIAM SULLIVAN, Advisor

ANNUAL REPORT

of the

School Committee

and

Superintendent of Schools

FOR YEAR ENDING DECEMBER 31

1961

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Norfolk:

The report of the Norfolk School Committee is hereby submitted for the school year ending December 31, 1961:

Regular meetings of the School Committee are held at the Principal's office at 7:30 P.M. on the Thursday evening before the fourth Monday of each month, except during July and August. Special meetings are held when necessary.

School business for grades one through six should be handled through the office of the principal or superintendent and they may be reached at the Central School by telephoning 528-1225 for an appointment.

The Committee voted to have the local schools participate in the New England School Development Educational Council. Membership in the organization with headquarters at Harvard University will offer many advantages for our school system.

Last year the new entrance age to grade one was established at five years, eight months, or five years before the first of January for entrance the following September. The above age is the entrance age used in most schools within the Commonwealth.

Your School Committee maintains an active membership in the Massachusetts Association of School Committees. Last May, two members and your superintendent attended the annual state meeting of the association at the Schine Inn, Chicopee.

Your School Committee sponsored an article in the town warrant in 1961 that requested that a committee be established to study provisions for an addition to the Central School. A report of this committee under the Chairmanship of Mr. Anthony Martucci appears elsewhere in this report. We urge you to read the report. This Committee has worked with our committee as has our Superintendent of Schools, Dr. Roy, serving in an advisory capacity.

The continuous cooperation of the townspeople with the Committee and School authorities is commendable. The teamwork of the faculty and administration is noteworthy, and we wish to state that we are pleased with our school system, its leadership, and the manner in which the faculty cooperate for the benefit of the students.

To the parents and residents of Norfolk we wish to express our appreciation for your cooperation.

Respectfully submitted,

ALVIN J. FREEMAN, Chairman
EVA L. HOLMES, Secretary
ARNOLD E. DALGHREN

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Dr. George C. Roy

To the School Committee of the Town of Norfolk:

Herewith I submit my thirteenth report as Superintendent of Schools in Norfolk. It includes reports of the Principal, Assistant Principal, and other key personnel.

It is our hope to cover major activities of the school year in this short report.

Personnel:

Last summer the Committee accepted three resignations from the faculty. Two resigned to accept positions in larger communities. They were Miss Margaret Corcoran and Miss Janet O'Connell. The third resignation was from Mrs. Joan Brack who resigned to be at home.

New appointments were as follows: Mrs. Helen Parvey, and Mrs. Marilyn Sullivan, both graduates of Boston State College. The third person appointed was Miss Mary Hawko who did her undergraduate work at Salem and who is studying at Suffolk University.

We welcome our new faculty members and wish success and happiness to them as well as to those who left our ranks.

Our Major Problem: School Plant:

The Central School now accommodates Grades One through Six. There are now fifteen classrooms.

Grade One—Two classrooms.
 Grade Two—Three classrooms.
 Grade Three—Five classrooms.
 Grade Four—Two classrooms.
 Grade Five—Three classrooms.
 Grade Six—Two classrooms.
 Total—Fifteen classrooms.

At present the school enrollment up through grades six exceeds the four hundred mark with a figure of 402 as of October 1, 1961. There were 269 Norfolk Students attending the King Philip Regional High School. The enrollment has been increasing for the past decade and we anticipate continuous increases.

During the past year I have met in an advisory capacity with your School Building Needs Committee with Mr. Anthony Martucci as Chairman. The Committee will make specific recommendations and I refer you to its report. It is wise for Norfolk to consider its elementary school needs now and to act accordingly. Only by making more school space available will double sessions be avoided at the elementary level.

For informational purposes all available classrooms in the building are used. The office of the Superintendent is still in the former Health Room.

We must be forever mindful that the school has an obligation to develop each individual to the utmost.

For purpose of identification of pupils a testing program has been established in our school. Intelligence and achievement tests are used to advantage. With the information from the first tests we are able to determine or approximate the potential mental ability of each pupil. From the second series we are able to determine what each pupil has achieved primarily in relation to his ability and secondly in relation to his class. Further we are able to determine the achievement of the class in relation to national results. Our class averages are higher than the national norms for all classes.

The purpose of the tests is not to identify pupils only but to plan the proper program for each educationally. Performance and teacher judgment are important in the education of each pupil.

Insurance:

For the ninth consecutive year the Pupil School Insurance Policy has been made available on a voluntary basis to all students.

Applications are received each September and notices sent home for parents concerning the policy. We ask parents to consider the matter of the Pupil Insurance Policy seriously. To date all claims forwarded to the office have been paid. On the basis of the present price the charge is less than a cent a day.

Professional Participation:

After serving as part-time Secretary-Treasurer of the Massachusetts Association of School Superintendents for five years your superintendent has relinquished this post. He follows Legislation actively at the State and Federal levels. He is serving as Co-Chairman of the

Legislation Committee of the Massachusetts Association of School Superintendents and also on the Advisory Council on Legislation to the State Board of Education. At the national level he is State Chairman of the National Education Legislative Committee.

If it is necessary to contact the Superintendent, appointments may be initiated through the office at the Central School.

Entrance Age:

You will recall that as of September, 1961, the School Committee had formerly approved that the entrance age be five years, eight months as of the first of September or five years before the first day of January for entrance the following September. This is in keeping with sound educational policy. Advantages have been noted under this plan in both of our first grades. This will have its effects throughout all the grades.

Conclusion:

The proper teaching infers the mental, physical, social and emotional development of the pupil. The student should have an objective, have assignments which he is able to do, have an opportunity to acquire the basic skills, but be guided by the teacher to see beyond the immediate problem and be given a chance for personal judgment when he is old enough. Norfolk is fortunate to have teachers who are quite capable based on the above. A reasonable amount of the question-answer method, recitation, reporting, testing, writing methods, along with the socialized procedures, project method and visual aid techniques is used to develop the above.

May I at this time express my appreciation for the cooperation and assistance rendered by the members of the School Committee, the Principal, the Assistant Principal, the entire school personnel, all local organizations and townspeople.

Respectfully submitted,

GEORGE C. ROY,
Superintendent of Schools

REPORT OF NORFOLK CENTRAL SCHOOL

H. Olive Day, Principal

Elizabeth B. Sefton, Assistant Principal

In submitting our second report as administrators of the Norfolk Central School we wish to thank each of you for your unusually fine spirit of cooperation, friendliness and understanding—all of which greatly helped to make our first year both profitable and enjoyable.

This year in observance of National American Education Week we reverted to the traditional practice of holding Open House during the daytime to enable parents to visit the classroom in operation and to ascertain the methods and approaches used by the teacher in presenting the subject matter to the pupils. Classroom pupil participation or discussion was observed in its reality and, in some instances, even resulted in parent participation. Nearly two hundred parents took advantage of this opportunity to visit the school.

We should like to review the procedure when a pupil has been absent because of sickness. If, due to illness, there is an absence of five consecutive days or a contagious disease, a doctor's certificate is required. This may be obtained from your family physician or from Dr. A. R. Stagg, the school physician, who resides in Medfield. We ask your continued cooperation in this matter for it is a safeguard in protecting and maintaining the health and welfare of your child.

The administrators are members of the Massachusetts Elementary School Principals' Association and attend meetings whenever possible.

Since success in all fields of endeavor is derived from the proper understanding and command of reading, great importance is placed on reading skills and good phonetic knowledge, especially at the primary level. Each teacher strives to develop vocabulary growth, to strengthen comprehensive ability and to increase the reading rate. To correlate the reading program we work very closely with the Norfolk Public Library. Children are expected to use the library facilities and to familiarize themselves with the library. Frequently during the year we borrow a substantial number of books from the library. These books are utilized in classroom activities, leisure reading as well as in the developmental reading program.

With not only national but world-wide emphasis placed on Science at all educational levels, we are fortunate to have received a National Defense Education Act Science grant through the efforts of our Superintendent, Dr. Roy.

This grant consists of a fully equipped portable science demonstration table and a number of Science kits that have been distributed among the third, fourth, fifth and six grade levels. This allows the

student not only to see actual scientific experiments, but also to participate in them himself, and thus gain valuable scientific thinking oftentimes much more advanced than that usual at an elementary level.

To supplement our regular science instruction in the sixth grade we participate in the Audubon Society Program on a bi-weekly basis. We are fortunate again this year to have Mr. Albert Bussewitz, the director of Moose Hill Bird Sanctuary, as our instructor.

The Audubon Program culminates with an all-day field trip to the Moose Hill Bird Sanctuary in Sharon. This trip is eagerly awaited by both students and faculty members who accompany them.

Last June we presented the Eldred Readel Science award to two sixth grade pupils, namely Philip Church and Richard Leverone. These awards were given as a result of extra-curricular utilization of Science reference books purchased in memory of our late custodian.

We are very grateful to Mrs. Bennet B. Bristol who has presented an extensive shell collection and shell identification books to the sixth grade.

Each spring at the April P.T.A. program our pupils from Grades I through VI participate in an evening of entertainment to show our appreciation. Last year, in honor of the 100th anniversary of the beginning of the Civil War, our program was based on the music and the memories of this era and was enjoyed by all.

We have been recipients of many valuable gifts from the P.T.A.—among them a 21 inch television set on a portable stand which enables us to view any program of national import.

Both the Administration and Faculty give whole hearted support to P.T.A. activities and are pleased to serve as hostesses at the Dancing School classes and help in any way possible to make the Sixth Grade party in June a success.

Field trips encompass a range of activities, from the trip to Cinerama for fifth and sixth grades in November to the late spring trips of other grades to places such as the Edaville Railroad, Children's Museum, Franklin Park, and Capron Park.

In addition, the sixth grades spend one day before school closes in June, as guests of the King Philip Regional School. This orientation day is a valuable experience for our pupils as it provides important information for their next level of education.

We are very grateful to our School Committee for allowing us to participate in these valuable extra-curricular enrichment programs, as we feel that our students gain a great deal in citizenship training and leadership qualities from these programs.

The Teachers Club has 100% membership at the local, county and state level as well as associate membership at the national level. We were honored to have Mrs. Elizabeth Sefton as chairman at one of the sectional meetings at our county convention this year. Mrs. Dorothy Cornell represents the club as councillor in the Norfolk County Teachers Association which meets the first Monday of each month and an inspirational convention for next fall is well under way. Mrs. Cornell also represents Norfolk teachers on the Professional Standards Committee of the Norfolk County Teachers Association, which meets the first Wednesday of each month.

It is our pleasure to be honorary members of the Norfolk Neighborly Club and share in many of their meetings. The school program is enriched throughout the year by the cooperation of the committee of the club which are namely: a Film, Educational Program, Social and Sunshine. Some of the accomplishments are: a well planned film program so arranged as to interest, prepare and educate the pupils at all grade levels. The schedule worked out during the summer is available to the teachers so they may correlate the films with the curriculum.

The sixth grade enjoyed the Cinerama again this year as guests of the teachers in recognition of their senior year. Books, sports equipment, refreshments for the childrens' Christmas Party, cards and flowers are also furnished by the many committees.

We would like to take this opportunity to thank the family of Miss Leanna Johnson for the generous contribution of books for both teachers' and pupils' libraries.

Respectfully submitted,

H. OLIVE DAY,
Principal

ELIZABETH B. SEFTON,
Assistant Principal

REPORT OF HANDWRITING

W. L. Rinehart, Director

Rinehart Functional Handwriting System

Attitude plays an important part in the success or failure of a handwriting program in a school system. Parents, in general, have the attitude that they want to see their children write legibly. This attitude is shared by the members of a School Committee and the administrative staff. The responsibility of achieving a satisfactory handwriting product is then delegated to the handwriting consultant and the teachers.

The next step is to create a favorable attitude towards handwriting on the part of the pupils. Having achieved a wholesome attitude towards handwriting, it is then possible to develop an effective handwriting program through the use of adequate instructional materials and tenable teaching techniques.

The attack on the handwriting problem is three-fold. The first objective is to teach the form and arrangement of letters to the point of mastery. The second objective is to have each pupil achieve the speed standard for his grade. The third objective is to make handwriting functional in all writing activities. To achieve these objectives, we provide instructional and motivational materials for pupils and teachers. Teachers are instructed at regular intervals in methods to be used in teaching and the handwriting product is checked at the end of each interval with a diagnosis of same given to the teacher in writing for remedial purposes.

At the close of the last school year our records show that 87% of the pupils scored excellent, 12% scored good, 1% were fair and no % were poor on the formal handwriting test. It was found in checking the informal handwriting that there had been excellent transfer in handwriting quality to spelling, arithmetic, English composition, etc.

Respectfully yours,

W. L. RINEHART,

Director

REPORT OF THE DIRECTOR OF INSTRUMENTAL MUSIC

Frank Gubala, Director

This year brings forth a well-developed elementary band. The youngsters participating are from grades 4 to 6, and their number totals 52 players.

The advanced band group consists of players from grades 5 to 6, and all have at least one year of playing experience. The music used for this group is as follows:

1. Easy Steps Band Book
2. First Steps to Band
3. Arrangements (Special)

The beginner's band group is comprised of players from the grade levels 4 to 6 with no previous experience. These youngsters play music from the Easy Steps Band Book. After these youngsters gain experience and acquire a reasonable amount of playing proficiency, they are eligible for the advanced band.

The advanced accordion group is composed of players with a minimum of one year's experience. The method used is Palmer-Hughes Book number I and II.

The beginners accordion group is for grades 4 to 6; no experience is required. The method used is Palmer-Hughes Book number I.

Group	Number of Players	School Time
1. Advanced Band	24	45 min.
2. Beginner's Band	15	45 min.
3. Advanced Accordion	4	20 min.
4. Beginner's Accordion	9	30 min.

These groups meet as a unit Wednesday mornings.

The instrumental music department recently acquired a band room equipped with shelves for filing the music library. In addition, more method books were supplied to our program.

Instruments taught in this program at present: Clarinet, Cornet, Baritone, Glockenspiel, Trumpet, Trombone, Drums, Accordion.

Musical programs for this school year are under preparation, and it is hopeful that an exchange concert may be arranged this spring.

Respectfully submitted,

FRANK GUBALA,

Director of Music

REPORT OF MUSIC AND ART

Elinore E. Cole, Supervisor

Our emphasis has been on the basic skills of art. Correlating of art and subject matter is used to advantage by the faculty.

Last year, according to custom, we entered a number of "Book Jackets and Posters" in the Library Display during Book Week. We would hope that more would participate this year in the project. I am requesting that the children collect pictures of animals from magazines and urging them to observe real animals. With this background information their posters will bear more resemblance to their subjects. Emphasis is also being placed on good printing and careful planning of the posters in their entirety. The acquiring of the basic skills of art will prove beneficial for our students.

Our program in music is established and the results continue to be inspiring. Our spring program was based on the music of the Civil War period and the pupils participated with appropriate costumes. In

part, in "Mail Call 1861" each episode depicted the activities of a particular section of the country as related a letter from home to a soldier at the front. Some arrangements will be planned this year to allow for one half of the student body and their parents and friends to be present at one session and the other half of the student body, their parents and friends to be present at a later date. This plan will prevent overcrowding.

Our graduation exercises were presented in two groups and, as our custom, we offered one sacred and one patriotic song. The second group consisted of songs from "My Fair Lady."

We are looking forward to our spring program and do feel that the assembly will be particularly beneficial for all concerned.

My gratitude as usual for the good work of my associates in the Central School, and for their loyalty and friendship, without which I could accomplish little.

Respectfully submitted,

ELINORE E. COLE,

Supervisor

REPORT OF THE SCHOOL HEALTH PROGRAM

A. Ritchey Stagg, M.D.

Madeleine I. Harding, R.N.

Claire Smith, R.N.

In planning the school health program we have tried to improve and maintain the health of all children within the school system.

Duties of the School Health Personnel:

1. Physical examinations of the new pupils and all pupils not having had a physical examination within three years. Also, frequent examinations of children with continuing problems.
2. Consultations with the faculty on psychological problems and emotional problems which keep the child from having good social adjustments.
3. Helping with the handicapped children and children who need special handling due to varying degrees of retardation.
4. Control of communicable diseases; rendering First Aid; establishing good personal hygiene among the pupils and making home visits when necessary. Over 425 hours and 750 health conferences and treatments were given at school.

5. Arrangements were made with the State Department of Dental Health whereby a State Dental Hygienist presented an illustrated program on dental care and needs to all the children.

In the spring a Pre-school Clinic was held for the purpose of registering pupils entering public schools for the first time in September.

Purpose of Early Registration:

1. To examine the children entering school for the first time and to discuss health problems with parents.
2. To give the parent and child an opportunity to become acquainted with the school personnel and surroundings.
3. To help the School System ascertain and plan for the number of children entering school in September.

Vision and Hearing tests are given at some time during the year to all pupils. Notices are sent to parents if a child fails to pass either of these tests. The tests are merely a screening process. If any child shows symptoms of eye difficulty or hearing loss, parents should not wait for the next school examination, but have medical attention when the problem is discovered.

On the whole, the children are healthy and happy and well-adjusted. Every effort is being made to maintain and improve their health.

We extend our sincere thanks and appreciation to everyone who helped carry out the above program.

Respectfully submitted,

A. RITCHEY STAGG, M.D.
MADELEINE I. HARDING, R.N.
CLAIRE SMITH, R.N.

REPORT OF THE DENTAL HEALTH PROGRAM

Adelaide C. O'Brien, School Dental Hygienist

Mouthwash Program:

In cooperation with the Tufts University School of Dental Medicine, children in grades 2, 3 and 4, now 3, 4 and 5 have the opportunity to participate in a mouthwash program. This involves a rinse with a special mouthwash in class after lunch each day in school and before retiring. All supplies are furnished for both home and school use.

Number of pupils on initial program 188

All new pupils entering in the fall were enrolled in the program and will have all of its benefits, but will be of no statistical value to the study, since they were not included in the initial examination.

X-ray Program:

All pupils in the mouthwash program had the necessary dental x-rays for a thorough examination. A notice was sent to the parents advising them of the findings of this examination.

Classroom Talks:

Three classroom talks were given for each grade from one through six. The lessons were planned for each grade level and included one lesson on mouth hygiene, one on the value of good nutrition, and one on growth and development. Appropriate visual aids were used. A review test was given in grades five and six.

Number of classroom talks	36
---------------------------	----

Parent Counselling:

In October a follow-up inspection was made. In the cases where no dental care had been given for decayed areas of permanent teeth, individual parent counselling was done by telephone and letter. Some parents were unaware that the sixth year molar was a permanent tooth, and were grateful for this follow-up counsel. In some cases financial aid was given through the cooperation of the Salvation Army. X-rays were loaned to the family dentist when requested.

Number in need of dental attention for permanent teeth	60
Number who responded to written notice	14
Number reached by telephone on follow-up	39
Number reached by mail	3
Number not yet reached	4
Number of x-ray surveys loaned to family dentists	6

Pre-school Inspections:

All children who entered school in September had the opportunity for a dental health inspection and parents were counselled as to the dental health needs of their children.

P.T.A.:

In February an illustrated talk was given. Growth and development of the dental arch was described, caries preventive and nutrition discussed. The care of primary teeth was stressed as important to the proper development of the permanent arch.

Open House:

This was held during the school day in education week. An exhibit was set up, and there was the opportunity to talk with individual parents concerning their children's dental problems.

We are grateful for the cooperation of all members of the staff of the Norfolk Central School, parents, pupils and Administrators.

Respectfully submitted,

ADELAIDE C. O'BRIEN,
School Dental Hygienist

ANNUAL REPORT

of the

School Committee

of the

King Philip Regional School District

Wrentham, Massachusetts

FOR THE YEAR ENDING DECEMBER 31,

1961

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of King Philip Regional School District:

May I present my fifth annual report as your Superintendent of Schools.

Enrollment Trends and Building Space

King Philip Regional High School opened on October 14, 1957 for grades 7-12 with an enrollment of 840 pupils. Since that time the enrollment has increased and will continue to grow as shown by the following data:

Grades 7 - 12	October 1, 1957	835 pupils
Grades 7 - 12	October 1, 1958	951 pupils
Grades 7 - 12	October 1, 1959	1053 pupils
Grades 7 - 12	October 1, 1960	1081 pupils
Grades 7 - 12	October 1, 1961	1139 pupils

According to the report of November 1, 1961 from the Massachusetts School Building Assistance Commission, the estimated school enrollment for King Philip Regional High School is as follows:

Grades 7 - 12	September 1962	1190 pupils
Grades 7 - 12	September 1963	1278 pupils
Grades 7 - 12	September 1964	1298 pupils
Grades 7 - 12	September 1965	1377 pupils
Grades 7 - 12	September 1966	1481 pupils
Grades 7 - 12	September 1967	1567 pupils
Grades 7 - 12	September 1968	1703 pupils
Grades 7 - 12	September 1969	1828 pupils
Grades 7 - 12	September 1970	1948 pupils
Grades 7 - 12	September 1971	2030 pupils
Grades 7 - 12	September 1972	2088 pupils

According to the report of November 1, 1961 from the Massachusetts School Building Assistance Commission, the estimated grade enrollment is as follows:

THE COMMONWEALTH OF MASSACHUSETTS SCHOOL BUILDING ASSISTANCE COMMISSION

88 Broad Street, Boston 10

**ANNUAL REPORT OF THE CHAIRMAN OF THE KING PHILIP
REGIONAL SCHOOL DISTRICT COMMITTEE**

It is my privilege to submit the annual report for the King Philip Regional School District Committee.

We feel that the program has developed well and will continue to improve.

A program of evaluation by the New England Association of Secondary Schools and Colleges is underway at the time of this writing. The results will be available to the public and to the Committee to guide our program in the future.

We have adapted punch card systems to our scheduling and report card procedures in an effort to reduce man hours and to improve these functions.

Our salary schedule policy has been implemented in an effort to retain the best teachers and to attract competent teachers to our staff.

A great deal of work and study is being done in regard to expanding our facilities for the increasing pupil population. As you have read in the newspapers, our building is now being used to capacity.

By the time this report is printed, we hope to have recommendations for additional space to meet our needs.

Thank you for the privilege of this report.

May we again remind you that our meetings are open to the public and we welcome your attendance.

Respectfully submitted,

CHARLES W. Semple, Chairman
King Philip Regional School
District Committee

Capacity of the Regional High School — Grades 7-12

Area	Number	No. of Pupils	Total Capacity
Classrooms	24	30	720

Industrial Arts	2	20	40
Mechanical Drawing	1	25	25
Gymnasium with partition	2	40	80
Study	1	30	30
	—		—
	42		1218
Optimum Capacity — at 80% utilization			974
Maximum Capacity — at 90% utilization			1096

Analysis of Enrollment and Classroom Space

The above chart shows that the maximum capacity has been exceeded. It has been necessary to limit the educational program to some degree. As the enrollment increases students will be unable to pursue the courses they wish, and as conditions grow increasingly worse, it will be necessary to place the school on half-day sessions, unless provisions are made to care for the enrollment in new facilities.

In the 1960 school report it was stated "Plans and research should be formulated now so that a 750 pupil Regional School for Grades 7 and 8 would be ready for occupancy in September 1964.

Recommendations have been presented to the School Committee by the Sub-Committee on Enrollment and Classroom space that the District appropriate funds or incur debt to select an architect, buy site, and to obtain preliminary and final construction plans in May 1962. Also that the District appropriate final costs for construction and equipping of building in November 1962 with the building to be occupied by September 1964.

Conclusion

In closing this report, may I express my sincere appreciation for the cooperation, understanding and help given me by the School Committee. It has been a pleasure to carry out my responsibilities.

Respectfully submitted,

FREDERICK J. DELANEY,
Superintendent of Schools

**REPORT OF THE PRINCIPAL OF KING PHILIP
REGIONAL HIGH SCHOOL**

TO:

The Superintendent of Schools
King Philip Regional School Committee

Citizens of the District

FROM:

Warren H. Pressley, Jr., Principal

The program for the King Philip Regional School has continued to improve during the past academic year. We had two Merit Scholarship winners in the Class of 1961. These were the first of our graduates to receive National recognition.

We used a data process system for scheduling the school and this gives us a higher degree of accuracy and efficiency. We attained a building utilization factor of over 90%.

The Student Council has been active in scheduling student activities. We now have a charter for a Junior-Senior Chapter of the National Honor Society.

The reports of the various directors and department heads will be given as part of our regular news release this year.

The recommendations and commendations of the School Evaluation Committee will be given as news releases.

I want to thank all the people for their excellent cooperation in providing a sound educational program for the young people of the district.

February 7, 1962

REPORT OF THE DIRECTOR OF THE VOCATIONAL SCHOOL

There were seventy-two pupils enrolled in the Carpentry and Machine Shop Divisions of the Vocational School as of October 1, 1961. This number represents approximately thirty-four percent of the students in the region who are eligible for our program. This total is close to the number of pupils we can handle in the school under its present size and set up.

There were only six graduates in June of 1961, but there were eighteen in 1960. There will be a possible nineteen students graduating in June, 1962. The number of graduates over the three year period would average about fourteen students each year. Nearly one hundred percent of the graduates are working or are in the service.

Many productive jobs were done for outside customers, teachers, and students. These projects enabled the students to receive practical training. They are also doing maintenance and repair work for the school department whenever it can be incorporated into their programs.

The Carpentry Department began their first building project in the fall of 1960 and completed it in the spring of 1961. An Open House was held in June so that the public could observe and examine the amount and quality of work done by the students. The Open House was well attended and many favorable comments were made by the visitors. Over two hundred people registered in the guest book. It is hoped that the students will be able to build one new house for a resident of the regional district each school year. The purpose of the program is to provide each student with actual training experiences that will be required of him by his employer after graduation.

A second building project was started in October of 1961 and the work is progressing well. Another Open House will be held sometime before the end of the school year.

The estimated productivity for the two divisions amounted to \$25,309.80. This figure represents the total market value for all of the completed jobs for the year.

We are still taking advantage of securing government surplus property. For the past year we have been able to obtain nearly 100% of the materials used for training in our Machine Shop day classes. The material costs the school department less than five percent of its actual value. We were able to add a hydraulic cylindrical grinder to our machine shop equipment. It is now possible for the students to grind a cylindrical piece of stock to very close tolerances.

There are two Vocational Evening Trade Extension Courses and an Apprentice Carpentry Course being held this year in the Adult Education Program. Courses in Machine Blueprint Reading and Drafting and Machine Shop Practice are in operation. These courses run for 120 clock hours. Those enrolled must be working at the trade. Their purpose is to provide training so that the students will become more proficient at their jobs. Many of the students who attend the evening classes have been advanced to better positions or have relocated to better jobs.

The Carpentry Apprentice Course is for those employed as apprentices. They are required to attend related classes for 150 clock hours per year and are usually required to attend these classes for four years until they become journeymen.

The Director and faculty of the Vocational Division wish to extend our thanks to all who have helped with our program. It is with your aid and understanding that has enabled us to progress.

Respectfully submitted,

PRESTON I. TITUS,

Director

185 days

Total number of school days according to the above is 185 days. The minimum allowed by the Department of Education is 180 days. This means that days lost due to bad weather or other causes must not exceed 5. Any days missed in excess of 5, must be made up, probably by extending the June closing.

Approved June 5, 1961

King Philip Regional School
District Committee

"NO SCHOOL SIGNALS"

The sirens in Wrentham, Sheldonville, Plainville and Norfolk fire stations will be used to sound the signal. The "No School" signal will be:

2 BLASTS — 4 TIMES

Signal will have the following meanings:

7:00 A.M. — Omit session in Grades 7 - 12

"No School" signals will be used only when weather conditions are unusually severe, or in cases of emergencies. The scattered population of the district and the extensive pupil transportation system make it necessary to sound the signal, if at all, a considerable time in advance of the opening hour of the school session. It occasionally happens that weather conditions which appear promising at the hour the signal should be sounded become severe by the time many pupils start for school. **Parents are requested to use their own judgment in such cases as to whether or not your son or daughter should attend a school session.**

When school sessions are to be called off because of weather conditions, announcement will be made over the following radio stations:

WBZ	Boston	1030 on the dial
WEEI	Boston	590 on the dial
WHDH	Boston	850 on the dial
WPRO	Providence	630 on the dial
WARA	Attleboro	1320 on the dial

Parents should tune their radios to these stations between 6:30 A.M. and 7:30 A.M., if in doubt as to whether or not school will be in session, or telephone EVERgreen 4-2654.

Should it become necessary to dismiss school before the usual closing time, announcement will be made over the same stations.

WARRANT FOR ANNUAL TOWN MEETING

Monday, the Fifth Day of March, A.D., 1962

THE COMMONWEALTH OF MASSACHUSETTS

NORFOLK, ss.

To either Constable in the Town of Norfolk, in said County,
Greetings:

You are required in the name of the Commonwealth of Massachusetts, to notify and warn the inhabitants of Norfolk, qualified to vote in Town affairs, to assemble in the

CENTRAL SCHOOL AUDITORIUM

on Monday, the Fifth Day of March, A.D., 1962

at 7:00 o'clock in the forenoon, then and there to act on the following articles, viz:

Article 1. To choose by ballot the following town officers; viz: One Moderator, for one year; one Selectman, for three years; (Selectmen to act as Board of Health); one Town Clerk; one Town Treasurer; one Collector of Taxes; one Tree Warden; two Constables, each for three years; two Trustees of Public Library, one for three years and one for two years; one member School Committee, for three years; one Water Commissioner, for three years; one Assessor, for three years; one member of Board of Public Welfare for three years; three members of the Planning Board, one for five years, one for three years and one for one year; five members Recreation Commission, one for one year, two for two years and two for three years.

Article 2. Question: "Shall this Town accept the provisions of Section 48 of Chapter 31 of the General Laws, a fair and concise summary of which appears below?" Summary: If the Town of Norfolk accepts this section they will place the permanent and regular members of the police force under Civil Service providing such members pass a qualifying examination as prescribed by the Director of Civil Service.

Article 3. To fix the salaries of the several elective offices of the Town, and to determine whether any Town Board shall be authorized to employ for additional salary or compensation any of its members and to fix such salary or compensation.

Article 4. To raise and appropriate or transfer from unappropriated available funds in the Treasury, a sum of money for all necessary Town Salaries and expenses as follows, viz:

- I General Government
 - a. Board of Selectmen
 - b. Board of Assessors
 - c. Town Treasurer
 - d. Tax Collector
 - e. Town Clerk
 - f. Town Counsel
 - g. Town Accountant
 - h. Planning Board
 - i. Election Officers
 - j. Registrars of Voters
 - k. Appeal Board
 - l. Water Commissioners
 - m. Water Collector
 - n. Conservation Commission

- II Protection of Persons and Property
 - a. Fire Department (Including Ambulance Expense)
 - b. Building Inspector
 - c. Insect Pest Control
 - d. Police Department
 - e. Sealer of Weights and Measures
 - f. Civil Defense
 - g. Dog Officer
 - h. Tree Department
 - i. Fire and Police Communications

- III Health and Sanitation
 - a. Board of Health (town dump included)
 - b. Inspector of Animals
 - c. District Nurse

- IV Highways
 - a. Removal of Snow
 - b. Street Lighting
 - c. Chapter 90, Highway Maintenance
 - d. Chapter 90, Highway Construction
 - e. Chapter 81, Highway Maintenance
 - f. Town highway maintenance and construction
 - g. Machinery Maintenance

- V Charities
 - a. Welfare Administration—Including Salaries of Board
 - b. General Relief
 - c. Old Age Assistance
 - d. Aid to Dependent Children
 - e. Disability Assistance
 - f. Medical Assistance to the Aged

VI Soldiers' Benefits

- a. Soldiers' Relief
- b. Veterans' Administration—Salary and Expense
- c. Custodian of Veterans' Graves

VII Schools

- a. Operation and Maintenance — Central School (Including Committee Salary)
- b. King Philip Regional School District, operating and maintenance; Capital Costs
- c. King Philip Regional School District Committee Salary

VIII Public Library

- a. Salary and Expense

IX Recreation

- a. Expense

X Debts and Interest

- a. Central School Notes and Interest due in 1962
- b. Water Department Notes and Interest due in 1962

XI Unclassified

- a. Memorial Day
- b. American Legion
- c. Norfolk County Retirement System
- d. Reserve Fund
- e. General Expense—(Includes Selectmen's Clerk)
- f. Tax Titles
- g. Interest to cover Article No. 5
- h. Insurance
- i. Medical and Life Insurance
- j. Fuel, Telephone and Lights
- k. Town Hill and Roadside Improvement
- l. Legal Services

Article 5. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1962 and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 6. To see if the Town will vote to raise and appropriate or transfer from Water Revenue a sum of money for Water Department Maintenance, or take any other action in relation thereto.

Article 7. To see if the Town will vote to raise and appropriate or transfer from unappropriated available funds in the Treasury, a sum of money from the Machinery Fund to the Machinery Maintenance Account, or take any other action in relation thereto.

Article 8. To see if the Town will appropriate from Surplus Revenue the amounts of the State and County share on Chapter 81 and Chapter 90 projects with a proviso that the sums received from State and County are credited back to Surplus Revenue upon receipt, or take any other action in relation thereto.

Article 9. To see if the Town will vote to raise and appropriate or transfer from unappropriated available funds in the Treasury, a sum of money to purchase a new police cruiser and to grant the Board of Selectmen the right to trade or otherwise dispose of the present police cruiser or take any other action in relation thereto.

Article 10. To see if the Town will vote to raise and appropriate or transfer from unappropriated available funds in the Treasury or raise by bond issue, a sum of money for construction of a new combination police and fire station or take any other action in relation thereto.

Article 11. To see if the Town will vote to raise and appropriate or transfer from unappropriated available funds in the Treasury a sum of money to install a new set of traffic signal lights in the square or take any other action in relation thereto.

Article 12. To see if the Town will vote to raise and appropriate or transfer from unappropriated available funds in the Treasury a sum of money to purchase uniforms for the reserve police officers.

Article 13. To see if the Town will vote to raise and appropriate or transfer from unappropriated available funds in the Treasury a sum of money to purchase and install a fire alarm and air raid warning system or take any other action in relation thereto.

Article 14. To see if the Town will vote to raise and appropriate or transfer from unappropriated available funds in the Treasury a sum of money for repairs to roller shed and storage sheds, or take any other action in relation thereto.

Article 15. To see if the Town will vote to abandon that portion of Lawrence Street or any part thereof now replaced by new road starting at Bush Pond and terminating at residence of Carl Fredrickson, or take any other action in relation thereto.

Article 16. To see if the Town will vote to raise and appropriate or transfer from unappropriated funds in the Treasury a sum of money to purchase and replace two-way radio equipment in accordance with recent Federal Communication Commission regulations, or take any other action in relation thereto.

Article 17. To see if the Town will vote to raise and appropriate or otherwise transfer a sum of money to construct a drain running parallel to the railroad tracks to drain off a stream that comes into Ware Drive area, has no outlet, and therefore floods area every spring. It is a distance of approximately 800 feet and the ditch would drain to a small pond located near the end of Ware Drive. Petition.

Article 18. To see whether the Town will vote to accept an Amendment to the King Philip Regional School District Agreement entitled "Amendment Number One to Agreement for Regional School District School, Towns of Norfolk, Plainville, and Wrentham", the substance of which is as follows: (1) To amend Section IV (B) so as to expand the existing definition of "capital costs" to include the cost of reconstructing and adding to school buildings, and the cost of remodeling and making extraordinary repairs to a school building or buildings and to make clearer that plans, architects' and consultants' fees are also included as costs incidental to placing school buildings and additions in operating condition. (2) To amend Section IV (D) so as (i) to confine the existing method of apportioning capital costs to the member towns under the Agreement to capital costs incurred prior to April 1, 1962, (including payment of interest on and principal of bonds, notes and other evidences of indebtedness of the District outstanding on that date) and (ii) to provide that capital costs incurred on or after April 1, 1962, shall be apportioned to the member towns proportionally on the basis that each member towns' pupil enrollment in the regional district schools on October 1 of the year next preceding the year for which the apportionment is determined, bears to the total pupil enrollment from all member towns in the regional district schools on that date. (3) To amend the first sentence in Section IV (F) so as to change from **November 1** to **November 15**, the date on or before which the District Committee shall prepare a tentative budget and submitting copies thereof to the Finance Committees of the member Towns. (4) To amend Section IX (A) so as to add the following two sentences to said subsection—namely:

"The withdrawing town's annual share of any future installment of principal of and interest on bonds, notes or other obligations outstanding on the effective date of its withdrawal shall be fixed at the percentage prevailing for such town at the last annual apportionment made next prior to

such effective date. The remainder of any such installment after subtracting the share of any towns which have withdrawn shall be apportioned to the remaining member towns in the manner provided in subsection IV (D)."

Article 19. To see if the Town will vote to number all houses on all streets for better fire and police protection and other emergencies.

Article 20. To see if the Town will vote to transfer to the Norfolk Public Library Account the amount of money received by the Town under Chapter 760, Acts of 1960, an Act Providing State Aid for Free Public Libraries, or take any other action in relation thereto.

Article 21. To see if the Town will vote to raise and appropriate or transfer from unappropriated available funds in the Treasury or raise by bond issue, a sum of money to build an addition to the present Public Library, or take any other action in relation thereto.

Article 22. To see if the Town will vote to raise and appropriate or transfer from unappropriated available funds in the Treasury a sum of money to install and maintain the following street lights, or take any other action in relation thereto.

Myrtle Street, in front of American Legion Hall—Main Street, pole 14/40.

Article 23. To see if the Town will vote to change the Zoning By-Laws, Chapter 1, Section 3, sub-paragraph captioned, Exceptions.

1. The Board of Appeals may authorize the conversion of a single family dwelling, in existence at the time of the adoption of this By-Law, to a two family dwelling.
2. The Board of Appeals may authorize the construction of a two family dwelling on a lot with a minimum frontage and area one hundred and thirty per cent (130%) of that for a single family dwelling.

Article 24. To see if the Town will vote to change the Zoning By-Laws, Chapter 1, Section 4, item 8, to read as follows:

8. Tailor shops, plumbing and heating establishments, barber shops and bakery.

Article 25. To see if the Town will vote to change the Zoning By-Laws, Chapter 1, Section 9, first paragraph, to read as follows:

The percentage of lot which may be covered by any dwelling and accessory building, shall in no instance, exceed the following maximum provisions.

Article 26. To see if the Town will vote to amend the Zoning map by changing from residential district to business district a parcel of land on the westerly side of Rockwood Road owned by Lauris W. Boomer and Florence J. Boomer and New York, New Haven and Hartford Railroad by extending the present business district northerly from the base line of the location of said railroad, one hundred fifty-seven (157) feet more or less on said Rockwood Road to land of Helen Gardner and westerly to a depth of (200) two hundred feet.

Article 27. To see if the Town will vote to add to the Zoning By-Laws, Chapter 1, Section 3, as accessory uses:

6. The use of a portion of a dwelling or of a building accessory thereto by a resident of the premises as an office, studio or workroom for the conduct of a profession or customary home occupation, subject to the conditions that: (a) not more than one other person is regularly employed thereon in connection with such use, (b) no stock in trade is regularly maintained except for products of the occupation itself, or for goods or materials customarily used incidental to its performance, (c) such use does not produce noise or other effects observable at the lot lines in amounts exceeding those normal to residential property, (d) no external change is made which alters the residential appearance of the buildings on the premises, and (e) there is no exterior display or other outward evidence that the premises are being used for any purpose other than residential (except for an accessory sign as hereinafter permitted). In particular, uses permitted hereunder may include, but are not limited to, the office of a physician, dentist, lawyer, architect, engineer, real estate agent or insurance agent, the studio of an artist, musician or teacher, or the workroom of a dressmaker, milliner, photographer or hairdresser.
7. The use of a portion of a dwelling or a building accessory thereto by a resident builder, carpenter, painter, plumber or other artisan, or by a resident tree surgeon or landscape gardener for incidental work and storage in connection with his off-premises occupation, subject to the same conditions and limitations as specified above in paragraph (6) for customary home occupations.

Article 28. To see if the Town will vote to raise and appropriate a sum of money for the purpose of acquiring, either by purchase or by taking by right of eminent domain, land consisting of one acre, situated on the high ground, whose elevation is approxi-

mately 300 feet above mean sea level, being the highest point on the hill located approximately 1250 feet south of Main Street and 1200 feet west of Union Street in the Town of Norfolk, together with a 40 foot right-of-way connecting with Main Street, for the purpose of constructing a stand pipe or reservoir of 750,000 gallons minimum capacity; to construct said tank, the necessary water main connecting to Main Street of not less than six (6") inches, but less than sixteen (16") inches in diameter; for the construction of pumping station located on land now owned by the Town, including wells, pipes, original pumping station equipment, roadway and water mains of not less than six (6") inches in diameter but less than sixteen (16") inches in diameter, connecting to the existing distribution system; and determine whether the money shall be provided for by borrowing under authority of Chapter 44 of the General Laws or otherwise, or take any other action in relation thereto.

Article 29. To see if the Town will choose any Committee or to hear or act on the report of any Committee or Town Officer or to instruct any committee or Town Officer.

The polls shall be open at 7:00 A.M. and will be closed at 8:00 P.M. Hereof fail not, but make due return of this warrant, with your doings thereon to the Town Clerk, on or before the hour of said meeting.

Given under our hands and seal of the Town this 22nd day of January, A.D., 1962.

Town Hill Maintenance	90.05
TOTAL EXPENDITURES	\$616,978.80

Respectfully submitted,

WILLIAM F. COUGHLAN,
Town Accountant

GLOSSARY

CHAPTER 81. This is a statute law of the Commonwealth of Massachusetts and pertains to the construction and maintenance of all roads. The state contributes a certain amount per mile and the town makes up the balance.

CHAPTER 90. This is a statute law of the Commonwealth of Massachusetts and pertains to the construction and maintenance of through roads, leading from one town to another. The state contributes 50%, and the town 25% and the county 25% of the cost.

OVERLAY. The Overlay is the amount raised by the assessors in excess of appropriations and other charges for the purpose of creating a fund to cover abatements granted and avoiding fractions. Any balance in the Overlay account of a given year in excess of the amount of taxes for such year not collected or abated is transferred to Overlay Reserve.

OVERLAY RESERVE. This is the accumulated amount of the Overlay for various years not used or required to be held in the specific Overlay account for a given year and may be used by vote of the town for extraordinary or unforeseen purposes.

RESERVE FUND. This fund may be established by the voters at an ANNUAL TOWN MEETING only and may be composed of (a) an appropriation (not exceeding 5% of the tax levy of the preceding year), (b) money transferred from Overlay Reserve, or (c) of both.

Any unexpired balance thereof at the end of the year is closed out to the surplus revenue (E & D) except however that from such balance there shall first be deducted and credited back to overlay reserve, to the extent possible, a sum equal to the amount if any which was appropriated from it to the reserve fund.

Transfers from the Reserve Fund are within the exclusive control of the Finance Committee.

SURPLUS REVENUE. (Generally referred to as Excess and Deficiency, though that phrase nowhere appears in the statutes.) This fund represents the amount by which Cash, Accounts Receivable and other floating assets exceed the liabilities and reserves. This amount of the Excess and Deficiency account over and above uncollected taxes of prior years constitutes "Free Cash" or "Available Funds."

PLEASE NOTE CAREFULLY

The Town of Norfolk adopted "Zoning By-Laws" in 1946. They were amended in 1953, 1954, 1955 and 1956.

"Regulations for Cesspools, Septic Tanks, Sewers, Etc." were adopted in 1958.

Some of the important sections are as follows:

1. A "Building Permit" is required from the Building Inspector for any building erected, altered, rebuilt, remodeled or moved.

2. Lot size shall be a minimum of 30,000 sq. ft. with 150 ft. frontage.

3. Set back of a building in a residential area shall be at least 50 ft. from the street, right of way or county taking. No building may be erected closer than 25 ft. from the side lines of a lot.

4. Only one family dwellings are permitted unless a variance is granted by Board of Appeals.

5. Be sure to get a copy of the "Zoning By-Laws" and "Regulations For Cesspools, etc." before you start any construction or excavation. These may be obtained from the Building Inspector.

6. A building permit must be obtained from the Building Inspector.

7. The Building Inspector is Douglas C. Brown, Cleveland Street, Norfolk, Mass.
