Norfolk Massachusetts

Notice to Residents

Medway Street Paving Project

September 22, 2020

The Town of Norfolk DPW, is pleased to inform you that construction is scheduled to start on **Medway Street, beginning at House #36 (Norway Farms Drive) and ending at House #80 (Chatham Road)**. The length of this project may be affected by severe weather and contractor availability. We will notify you to changes in the project phasing if they arise.

Throughout this project police details will be present to assist with local vehicle and pedestrian traffic. There also may be times when the road needs to be closed to through traffic to allow for safe construction practices. We will make every effort to notify you before road closures occur.

Project information can be found on the Town of Norfolk website: <https://norfolk.ma.us/departments/public-works/>

Like and follow us at the Norfolk DPW Facebook page: [Norfolk MA Department of Public Works](#)

The project will be phased as follows;

- 1.) **Monday September 28th – Roadway Milling.** Detours will be set up around Medway Street.
- 2.) **Wednesday September 30th - Roadway Paving** Medway Street, beginning at House #36 (Norway Farms Drive) and ending at House #80 (Chatham Road). A layer of tack coat will be placed immediately prior to the placement of the asphalt. This tack coat can be very difficult to remove if it happens to get splashed onto your vehicle. Avoid driving on the tack coat when at all possible. Once the tack coat has been placed, Hot-Mix Asphalt will be placed on the entire roadway. We ask again that you limit the amount of travel required during the placement of asphalt and exit your driveways in a direction away from the equipment. Detours will be set up around Medway Street.
- 3.) **Week of October 5th – Guard Rail Installation** in the area of Truro Road. Detours will be set up around the area of work.

Thank you for your ongoing patience and cooperation during this project.
